(ASSOCIATED PRESS TELEGRAM)
Washington, April 20.—Secretary Tumulty announced just before 11 o'clock that President Wilson had instructed him over the long distance telephone to call a special meeting of the cabinet for 10:30 o'clock this morning.

Mr. Tumulty announced that the president was preparing to deliver a special message to congress today and that a joint session would be held at the earliest hour the congressional leaders could arrange for it, probably 8 o'clock.

"The matter is closed," said Mr. Tumulty. Huerta, he added, had asked for no continuation of the negotiations, and refused flatly to accede to what he called the demand for an "unconditional" salute.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 20.—General Victoriano Huerta, provisional president of Mexico, flatly refused Sunday night to accede to the unconditional demands of the United States that he salute the American flag, and congress will be asked by President Wilson today for authority to use armed forces to uphold the honor and dignity of the nation.

Negotiations with Huerta over the demand for a salute in reparation for the arrest of the American bluejackets at Tampico on April 10 came to a close Sunday night at 6 o'clock, the last hour given by President Wilson for a favorable response from the Mexican dictator. The final word of Huerta to Charge O'Shaughnessy was a refusal to comply unless the United States would guarantee in writing that his salute be returned.

President Wilson at midnight left White Sulphur Springs and came to Washington this morning preparing to read a message to congress in joint session as early as it can be arranged today. In the meantime American war fleets are moving down both coasts on their way to carry out the president's plan for reprisals.

The crisis thus reached does not mean that there will be a formal declaration of war, because the United States could not declare war against a government which it does not recognize. President Wilson will seek authority, however, to send the armed forces into Mexico to seize first the ports of Tampico and Vera Cruz and the railroad trestle leading from Vera Cruz toward Mexico City.

The president directed that a cabinet meeting be called for 10:30 o'clock this morning, when the final arrangements for a Pacific blockade of Mexican ports and other steps in the President's program will be deliberated.

The breach that finally has come with Mexico will make it impossible, it is declared on high authority, for the United States to further protect foreigners in that republic and foreign governments have been notified of the situation in this regard.

The President, it is declared, not only will ask congress for authority to use the armed forces to uphold the honor of the nation, but also for an appropriation, a deficiency already having been created by extensive operations in anticipation of Huerta's defiance of this government.

The President probably will ask further that the Senate pass the volunteer act which already has passed the House, providing for pressing into regular service the militia regiments in the various states.

In preparation for the crisis that must be met Senator Shirley chairman of the Senate foreign relations committee, and Representative

General Huerta.

tive Flood, chairman of the foreign affairs committee, called meetings of these committees for this morning. Representative Flood, who is on his honeymoon, telephoned from New York that he would return at once.

Washington, April 20.—At a late hour last night, the Mexican crisis still hung in the balance.

Charge O'Shaughnessy reported that he had had a conference with Foreign Minister Rojas at 5 p. m. (Mexico City time) and expected to return to the foreign office at 6 p. m. to get Huerta's final answer. Officials described the Charge's report of the 5 o'clock conference as not very favorable. A report on his later conference was awaited.

Charge O'Shaughnessy reported that he had detailed the last message from Secretary Bryan to Foreign Minister Rojas at 4 p. m. Senator Rojas told the Charge that he would confer with General Huerta later.

When all of the Charge's messages had been received, Secretary Daniels and Secretary Tumulty went to confer with Secretary Bryan. They absolutely refused to comment. Other officials interpreted the situation as unfavorable.

Charge O'Shaughnessy's report on the 6 o'clock conference came just before Secretary Daniels and Mr. Tumulty started for Secretary Bryan's home and they took that with them. Secretary Daniels said:

"We have got the message." They would not comment, but looked very grave.

At 9:40 o'clock those officials who had seen as much of the dispatches as had been received said their tenor did not seem to be favorable.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 20.—Scenes about the state and navy departments during the day were reminiscent of the days immediately preceding the Spanish-American war. The telegraph rooms were fully manned and over in the naval admiralty building the general board was in secret session a part of the day. Headed by Admiral Dewey, there were gathered around the long table Rear Admirals Southerland and Fiske, and Captains Winterhalter, the aid for material; Knapp, Hood, Shoemaker and Oliver, director of naval intelligence and Commander Campbell, secretary of the board. The board was engaged in going over the latest dispatches received by wireless from Rear Admiral Badger, on the Arkansas, now in the Florida straits. Rear Admiral Fletcher at Vera Cruz, and Rear Admiral Mayo at Tampico.

Never was there a more vivid illustration of the march of scientific invention as applied to warfare than the facility with which these ranking admirals and captains, engaged in plotting out the strategy of a possible war, were able to keep in touch with the developments at every point where an American warship is lying. Some of the men engaged in this task had fresh in mind the painful experiences of the old naval strategy board which in the spring of 1898, 16 years ago, was despairingly trying to get in touch with Sampson and Schley, commanding the two fleets which, excepting Dewey's own Philippine squadron, represented all of the American naval strength of that day.

Generally the Mexican plan covers elementary problems, such as the simultaneous establishment of an efficient blockade, which the rather extensive coast line of Mexico would make no small task. Next in order comes the seizure of certain ports, and this is where the painstaking and exhaustive drills of the marine regiments last fall and winter are expected to find their application. The whole modern American theory of advance base operations, with the marines as an active force, was planned to meet just such emergencies as the rapid seizure of a port in a hostile country to form a base, in a hostile country to form a base, in a hostile country to form a base.

Charge O'Shaughnessy's report on the 6 o'clock conference came just before Secretary Daniels and Mr. Tumulty started for Secretary Bryan's home and they took that with them. Secretary Daniels said:

"We have got the message." They would not comment, but looked very grave.

Mexico Has Yielded As Much As Dignity Permits, Declares Foreign Minister Rojas

(ASSOCIATED PRESS TELEGRAM)
Mexico City, April 20.—The Mexican foreign minister, Senator Portillo Y. Rojas, announced last night that it would be impossible to agree to the demand of the United States that the flag of the country be unconditionally saluted because that flag was not insulted, because it was not flying before the launch and because the marines were set free even before an investigation and the officer responsible for the arrests was himself arrested and held for trial.

The foreign minister further announced that the Mexican government would agree that both flags be

saluted. The American flag first and then the Mexican flag, this arrangement to be made by a protocol signed by the American Charge d'Affaires, Nelson O'Shaughnessy, and the Mexican foreign minister.

The United States government, Senator Portillo declared, had refused permission to Charge O'Shaughnessy to sign such a protocol, then demanded an unconditional salute by Mexico, which Mexico felt was incompatible with her dignity. In conclusion the foreign minister said:

"Mexico has yielded as much as her dignity will permit. Mexico trusts to the fair mindedness and spirit of justice of the American people."

Secretary Bryan Cables Mr. O'Shaughnessy to Advise All Americans to Leave Mexico Until Order is Again Restored.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 20.—Secretary of State Bryan issued the following statement this morning:
"A little after 11 o'clock last night a brief dispatch came from Charge O'Shaughnessy at Mexico City, saying that the President's demand had been communicated to the foreign minister and was being carried by him to General Huerta. The foreign minister asked O'Shaughnessy whether in case General Huerta acceded to the demand, a protocol would be signed providing for

a return of the salute. The following despatch was sent to Charge O'Shaughnessy:
"President Wilson is out of the city. Impossible to reach him before eight a. m. tomorrow. Am certain that he would not consent to have you sign the protocol mentioned in your telegram. The salute should be fired without any agreement as to the return of the salute. The United States of America can be relied upon, according to international custom, and courtesy, to do its duty. The signing of the protocol, would be objectionable, in addition to other reasons, because of the fact that it might be construed as recognition of the Huerta government, whereas the president has no intention of recognizing that government."

Advocate Booklovers' Contest Prize Picture

WHAT IS MEANT BY THIS PICTURE?

COUPON NO. 60.

Newark Advocate Booklovers' Contest

Title
Author
My Name
My Address
(60) APRIL 20, 1914. (60)

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filed in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent a title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will, but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used, if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the pictures and coupons must be used for each of the answers, and no more than five answers to any picture will be permitted.

If any one of the five answers that may be given to any picture is correct, the contestant will be credited for the correct solution, and will not have the incorrect ones counted against his or her chances.

Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 350 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared, in the opinion of the judges.

No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures.

Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and should be addressed to "Contest Editor," Booklovers' Contest, Advocate, Newark, Ohio. The awards will be made strictly according to the spirit of each set of answers, and the correctness shall be determined by the finding last, the solution issued by us to the governing of the Booklovers' Contest. This catalogue can be obtained from the Advocate office for 25c (27 cents if by mail), and will include in its 7000 titles every one used in the contest. Awards will be announced in this newspaper after the close of the contest.

It is not absolutely necessary to send in solutions on blanks clipped from the Advocate, as duplicate pictures may be drawn by the contestant, if he or she so desires, or duplicate blanks may be obtained at the office of the Newark (Ohio) Advocate.

IF BACK HURTS BEGIN ON SALTS

Flush the kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacist and take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure, makes a delightful, effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

PLEASANT-HARMLESS

Running Water. Have you ever noticed, when the water has almost all run out of the bathtub, how the light particles on the surface seem then to race out much faster than the water? As a matter of fact, they are traveling faster than most of the water, but no faster than that on the surface.

The reason is not far to seek. Running water, even in a river, goes at different rates, but fastest on the top surface right in the middle of the stream. Friction with the sides and bottom makes the water there go more slowly. So the light particles on top of the water in the bathtub, along with the surface water, rush ahead at a good rate.

This particular peculiarity in rivers is utilized by bontmen when they have to go up a swift stream; they always paddle up near the bank. And at curves, as the water swings outward, they take the inside bank, for there the water is almost still. On the other hand, in coming down the very center of the stream is chosen.—St. Louis Republic.

Washington Official Life. Dinners and social functions are conspicuous features of Washington life. The new senator or congressman always feels that he must keep up the pace, but his older colleagues do not hesitate to send in their regrets now and then. One senator whose young daughters make severe demands upon him as an escort to official functions said:

"I have cut out all dinners and functions except those I feel under obligation to attend in my official capacity."

"I have done this for two reasons. First, because I have not time to attend them. I have too much to do. Second, Mr. Spofford, so long librarian of congress, once told me that most public men and army and navy officers who died in Washington 'dug their graves with their own teeth'—a saying which I have taken to heart."—National Magazine.

A Chinese Superstition. When a Chinese baby takes a nap people think its soul is having a rest—going out for a long walk perhaps. If the nap is a very long one the mother is frightened. She is afraid that her baby's soul has wandered too far away and cannot find its way home. If it doesn't come back, of course the baby will never awaken. Sometimes men are sent out into the streets to call the baby's name over and over again, as though it were a real child lost. They hope to lead the soul back home. If a baby sleeps while it is being carried from one place to another the danger of losing the soul along the way is very great. So whoever carries the little one keeps saying its name out loud, so that the soul will not stray away. They think of the soul as a bird hopping along after them.

Clever Elephant. "Elephants are clever animals," said a trainer, "and I once had one that could read. He was a quarrelsome beast, and one day he got into a scrape with the Bengal tiger, and before we could get them separated he had his trunk badly damaged. After the scolding was over the elephant broke loose and started down the street fast. 'He's going wild!' somebody shouted. 'Don't you believe it,' says I. Now, where do you suppose that elephant went to?"

"Went to the surgeon's, I suppose. Can't you get up a better yarn?"

"No, he didn't go to the surgeon's. He went straight to a little shop where a sign read, 'Trunks repaired while you wait.' Of course he had made a mistake. But what do you expect of a poor dumb brute?"—London Globe.

Tale of Two Dogs. Sir John Sebright, a prominent society man of the early nineteenth century, owned a remarkable dog. In "Coke of Norfolk" Mrs. A. M. W. Stirling relates that "Sir John Sebright often brought a favorite dog to Holkham, who was remarkably clever at learning tricks. Lord Erskine also possessed a dog which he declared the cleverer of the two. A wager was laid as to which animal in the course of a twelvemonth could be taught the most extraordinary trick. The trial took place at Holkham at the end of a year. Erskine's dog cleverly took a roast oyster out of the fire without injuring himself, but Sir John's dog actually carried a glass of wine without spilling a drop to any gentleman in the room pointed out to him."

ONE WOMAN'S EXPERIENCE. I have lived in Kansas since early childhood, and have watched a typical Kansas town of 1,000 people multiply itself ten times and more. I played about the foundations of the brewery which invaded our peaceful neighborhood. I have more than once been crowded from the sidewalk by a phalanx of toppers on their way to the completed and flourishing institution, and have shuddered to hear their ribald songs as they reluctantly sought their homes in the waking hours. I have seen 15 saloons running in a town of 1,500, and it was not a 'tough' town, either. It was called by a God-fearing people, who used the lintels of a church almost as soon as their own hearthstones were laid. Allowing for the mellowing of age, conditions were no worse than in the ordinary town of today in a saloon state. Then, regulation was all that the people could apply to the liquor traffic. Today they use elimination.

The brewery which was the bogy of my childhood days melted away many years ago, and within a stone's throw of that spot stands a magnificent high school, with the newest and most approved equipment and methods. Here hundreds of children go in and out, learning the secrets of the ages. Except when travel has taken them from the state they have never seen a saloon. There are no disgusting sights and sounds and odors to undermine the morals of the boys who come to this place, as there were three decades ago. Instead, there are wide, airy rooms, where the active boy may develop his constructive faculties, training hand and eye at the same time as he works with lathe or chisel, or recites in the class room.

Kansas people prefer the school-house of today, rather than the brewery of 30 years ago.—May Belleville Brown, Salina, Kan.

UNSEEN DANGER OF SOCIAL GLASS.

I once asked a young man who has a large circle of friends in the leading society of this city, and who is an abstainer, how often he was asked to take wine, and was "jolted" over the refusal. He said several times a week, and told me of some hostesses who were guilty of rudeness. I wish they could all hear the quiet tones of the physician who told me of a man he knew who died insane from alcoholism. The several sons of this man came to this physician to learn their chance of escaping the disease. He told them that if they kept absolutely away from alcohol their chance was good, but if they took alcohol at all he would not answer for them. All but one of these sons have kept away from the drug, alcohol, but one while at college felt strong in his power to take it "moderately." He has no power now. That youth might have been the guest "jolted" by a charming hostess. If these young women knew the real nature of alcohol, they would at least require a doctor's certificate based on knowledge of the habits of their guest and on those of his ancestors before they urged the "social glass."—Alice L. Higgins, General Secretary, Associated Charities, Boston.

FIVE BILLION DOLLARS WASTED.

The total amount received from all sources from the traffic, including duties on imports, is less than \$350,000,000. Against this should be placed the cost of public care for the consequences of the traffic; the loss in earning capacity, and degenerate manhood in public asylums, hospitals, prisons, and in prosecuting that share of crime justly chargeable to the saloon—a total immeasurably greater than any possible income from license and taxation. Careful and conservative investigation, made by expert statisticians, reveal the amazing fact that the annual waste due to the drink traffic in the United States at the present time approximates more than \$5,000,000,000 in loss of products, mortality and cost in crime and pauperism.

WARNS AGAINST THEIR OWN BUSINESS.

Chicago has a new and unique temperance society—the Bartenders' union. This is the circular its secretary sends out to the bartenders of the city:

"Dear Pal—Join the Bartenders' Temperance club. The boss won't like it if you drink on the job. A guy can't tend bar and hit the booze and make good. It gets him just as quick as the guy in front who pays for it. If any man wants to drink let the man on the other side of the bar do it. Send your name if you want to join the club."

Bless the Baby. Bless this little heart, this white soul that has won the kiss of heaven for our earth.

He loves the light of the sun, he loves the sight of his mother's face. He has not learned to despise the dust and to hanker after gold. Clasp him to your heart and bless him.

He has come into this land of a hundred crossroads.

I know not how he chose you from the crowd, came to your door and grasped your hand to ask his way.

He will not be a wandering and talking and not a dream in his heart. Keep his trust, lead him straight and bless him. (From "The Christ Child" by Rabindranath Tagore.)

PASTOR RUSSELL

Providence. R. I., April 19.—Pastor Russell personally conducted the opening exhibitions of his new famous Photo-Drama of Creation at the Colonial Theatre here today.

It was given out that there is a chain of these Dramas now extending from coast to coast and from the Great Lakes to the Gulf. Today's attendance was estimated at 40,000.

Pastor Russell's discourse was based on the text: "Thou shalt also be a crown of glory in the hand of the Lord, and a royal diadem in the hand of thy God." (Isaiah 62:3.) He said:

God has provided a salvation for the world in the next Age. But the call of this Gospel Age is something unique—separate and apart from the salvation of mankind. During this Age God has been gathering out of the world some of those who have a hearing of faith and a response of heart. These He calls His peculiar treasure, His jewels. In our text He declares that this class shall be a royal diadem in the hand of their God—not on His head, as if an added glory, but in His hand, representative of power. In His Power Jehovah will show forth the Church; and by thus manifesting what He has been able to do with the Church, He will show forth His own praises, in that He will reveal features of His glorious character which have never before been exhibited. What a blessed thing this will be for those who shall be the jewels and who will reflect the glory of the Infinite One who designed this diadem!

The permission of sin has given opportunity for God to develop His great Plan for the eradication of evil. He could easily have prevented Satan from bringing sin into the Universe. He did not, however, exercise His Power to restrain Satan; for He foresaw the glorious results which He will eventually accomplish through the permission of evil. For the same reason He did not interfere when Satan tempted our first parents, but permitted the whole race of mankind to be born into the world in an imperfect and sinful condition. He could have arranged otherwise, but He foresaw that He could work out still more glorious purposes by letting matters take their own course for a time.

"The Wages of Sin is Death."

The Bible declares that all transgression of the Divine Law is sin, and that all sin is punishable with the same penalty—death. Thus Adam's disobedience in eating the forbidden fruit brought upon him the curse of death, which by the laws of heredity he has transmitted to his posterity—the human race. (Romans 5:12, 19.) Although men may multiply the transgressions, they cannot increase the penalty; for the Divine Law has only one penalty for sin—death.

But Divine Mercy arranged for human redemption by providing that Jesus should pay the penalty for Adam's sin. This He did when He offered Himself and died. "The Just for the unjust." The forfeited life of Jesus, as a corresponding price for the forfeited life of Adam, guaranteed the cancellation of Adam's penalty. Adam's deliverance will mean the deliverance of all humanity, the removal of the sentence for Original Sin from every member of Adam's race. Then the Messianic Kingdom will be inaugurated for the very purpose of helping mankind out of the sin and death conditions resulting from the fall of our first parents.

God could have associated with our Redeemer some of the angelic host to assist in blessing humanity during the thousand years of the Messianic Kingdom; but He purposed to select from amongst mankind some to be sharers with His Son in the great work of uplifting the world from sin, degradation and death. For this reason a call went forth for a Church class—for those who would separate themselves from the world, take up their cross and follow Jesus. This class is to be a peculiar treasure; they are a people that will be privileged to show forth the praises of Him who hath called them out of darkness into His marvelous Light. 1 Peter 2:9.

"Zealous of Good Works"

For nearly nineteen centuries God has been gathering this people from various nations, kindreds and tongues.

"The Lord knoweth them that are His"; and He is giving needed assistance to each one who is sincere in heart and earnestly seeking to know God. These, the Apostle declares, are "a peculiar people, zealous of good works." Their good works are not the building of hospitals, asylums, schools and colleges, although they rejoice that the world has the inclination to do these things. The Church engages in the same kind of good works that our Lord engaged in at His First Advent. The Scriptures assert that He "went about doing good." In line with this statement is the Apostle's injunction that the Church "do good unto all men, especially unto them who are of the Household of Faith."—Galatians 6:10.

"Blessed Your Eyes, For They See."

The Household of Faith includes all who are trusting in the precious blood of Christ for their redemption. These the Church will serve on every occasion. The greatest possible good that can be done will be that of serving them with the Truth. The Glad Tidings of great joy which shall be to all people is the very best Message that can be brought to any one—not only speaking peace through the blood of Jesus, but also inspiring the glorious hope of joint-heirship with Christ in the Messianic Kingdom. "The Bible tells us that the time is coming when all the blind eyes shall be opened and all the deaf ears shall be unstopped. That time is during the next Age. Meantime, God is doing a wonderful work. He is gathering here and there the salutary ones—those who have an ear to hear His call. Of this class our Lord said, 'Blessed are your eyes, for they see; and your ears, for they hear.'"

In gathering this special class, God is looking, not at the outward appearance, but at the heart. He desires those whose hearts are right. This does not mean, as once we thought, that all whom God does not select, or elect, are to be thrown to devils and roasted to all eternity. What a change comes over everything when we realize that God is not premeditating evil against even those who may be His enemies through wicked works, but is merely calling out a class now which He will use later to assist the Redeemer in blessing all the families of the earth!—Galatians 3:16, 29.

The Scriptures declare that in choosing this special class, the Church, God is calling "not many wise men after the flesh, not many mighty, not many noble," but "the poor of this world, rich in faith"—those whom the world would consider the mean things, the weak, the ignoble. The Bible tells us that the rich have plenty to satisfy their hearts and therefore do not feel their need.

It is the same with the intellectual. They rather look down upon the average human being, and say that poor people do not know any better than to believe the story of the fall of man and all the rest of the Bible stories. Thus in what they think is wisdom they ignore the Word of God, in which His whole Plan for man's recovery from degradation, sin and death is shown as connected with the story of Adam and Eve, their fall and the redemption effected by the death of Jesus on Calvary. Whoever leaves out this part of the Bible loses the connecting link, and cannot perceive the Plan of God for man's salvation. Therefore the wise according to the course of this world cannot understand the Divine Program.

The Bible says that not many noble are called. One may be poor and uneducated, and yet have a very noble mind. This class know that they are morally above the average. Therefore they often have a self-satisfied feeling which does not permit them to recognize that they are sinners. And so they are not ready to see that they and all other human beings need a Savior.

"Ye Are His Workmanship."

Those whom God has accepted and forgiven through the blood of His Son, our Redeemer, are no longer under the former sentence of sin. These still have weaknesses of the flesh and are striving against them, although they may never be as successful as some other persons who were better born. But the Heavenly Father knows to what extent each is striving against sin, seeking to put down the old nature. Others may misjudge us; but He knows us.

Of this class the Apostle Paul says, "It is God that worketh in you both to will and to do His good pleasure." He has given us exceeding great and precious promises, that by these working in us, showing us the course to take and the result of faithfulness, we may gradually attain the Divine nature. This is the consummation, and comes to us by Divine Power—"changed in a moment, in the twinkling of an eye." Whether we shall be granted that glorious change depends upon the zeal with which we love righteousness, and hate iniquity, and seek to do the will of God.

No matter how mean this class may have been according to nature, the transforming work of the Holy Spirit goes on in their hearts; and they become noble characters. Although they may never be able to control their flesh so that they will seem as noble as some of the world, yet the nobility of heart is what God is looking for. If in the heart He sees true nobility—loyalty to Him, to righteousness, to truth, to the brethren—then they have the evidence that they are His, and that His providences are working together for their good.

In some respects the Lord's work in this class resembles that of a lapidary. The lapidary will not pick up cobble stones or ordinary pieces of quartz and put them on the wheel for polishing, although these stones lie about everywhere. But a real jewel he puts on the wheel. So it is with the Lord's

Jewels. If you as His child find that the cutting process goes on in your life, it is because the Lord loves you; and all the trials and difficulties that He sees best to bring upon you are purposed to prepare you to be a jewel for mounting in His glorious diadem.

When God accepts any one and bestows him with the Holy Spirit, that one is a jewel in the rough, and needs cutting and polishing. Each needs the skill of the great Master Workman in order to be properly shaped and prepared to show forth the glory of God. Just as a diamond properly cut will radiate the glories of the sunlight, so God's jewels will show forth His praises. After each is cut and polished he is laid aside until the great Lapidary is ready to mount the jewels. This is the First Resurrection. Then all these jewels will be mounted in fine gold—symbolic of the Divine nature—and placed in the glorious diadem which is to be in the hand of our God.

God Glorified in the Church.

Since the experiences through which the Church has been passing throughout the Gospel Age are all working out for us a far more exceeding and eternal weight of glory, let us take them thankfully, joyfully, gladly, realizing that our Heavenly Father knows better than we do what we need; and that He has promised that His grace will be sufficient, that He will not permit us to be tempted above what we are able to bear, but will with the temptation provide a way of escape.

This is the message that we would leave with you today—that the Church is in the Lord's hands, and that He is preparing each individual member to be a jewel in His royal diadem. When this piece of workmanship is finished, He will show it to the angels as the basis of one of the greatest lessons they have ever had. The angels who remained loyal to God have never known sin in the sense of experiencing it personally. They have always been holy, happy, obedient to Him. They have seen how the redemption of mankind manifests God's Love; and His willingness to exalt those of mankind who are obedient to Him now will be a further lesson to them.

In that Day, when they shall see how the Lord's blessing has eventually brought the Church to glory, the angels of God will all rejoice, even though the Church will be on a still higher plane than they—far above angels, principalities and powers, and joint-heir with her Lord. The angels are in full harmony with God, and therefore will be ready to sing praises, as the Scriptures set forth, saying, "At the name of Jesus every knee shall bow, of things in Heaven and things in earth." When the Bride shall be glorified with her Bridegroom, all the angelic hosts will bow the knee; for the Church will be on the highest plane of existence, associated with her Lord. Whoever of the angelic hosts are loyal to the Father and to the Son will also be loyal to the Bride, the Lamb's Wife, in that glorious Kingdom.

"Born in Zion."

The Psalmist foretells that "of Zion it shall be said, This and that man was born in her; and the Highest Himself shall establish her." (Psalm 87:5.) Zion represents the Kingdom in glory. The Church in her glorified condition will be Zion, and every faithful saint of God will be born in her. According to the flesh, the Lord's people were begotten and born; according to the Spirit they have been begotten again. But until they experience their change from earthly to Heavenly nature they are not born again. This second birth, the spirit birth, is the First Resurrection. We have the begetting of the Spirit now, but the process is not yet completed; when it is, we shall be born again. Then the record will be made that this one and that one was born in her, born in Zion.

In due time the world will get the record. Then they will get the explanation of what they cannot now understand. They will perceive that the Church class were once blinded like the rest of mankind, but that they had their eyes opened in advance of the others, and were loyal to what God showed them and were blessed. Then they will reason that if God would do this for the Church, He will be willing also to bless their own efforts—though not in the same way that He has blessed the Church.

The Bible clearly indicates that our Heavenly Father purposes to make known to the world just who they are that have made their calling and election sure to a place in the Body of Christ. As the world of mankind come to realize that the peculiar people—whom they could not understand, even though they recognized that these were honest and faithful to the principles of righteousness—were the Body of Christ in the flesh, they will think, The same gracious Heavenly Father that rewarded the Church, and took them to the Heavenly plane, is now dealing with us through them, in Messiah's glorious Kingdom; and He will give us the blessings which He has promised us—restoration to human perfection, if we are willing and obedient to His instructions. Then the world will thank God for His wonderful Plan of salvation.

For nearly nineteen centuries the work of sealing and preparing the jewel class has been in progress. Now the Scriptures indicate that the time has come for the mounting of these cut and polished jewels. The end of the Gospel Age is upon us. Hence if we would be amongst the acceptable jewels we have need to display great diligence and to co-operate with the great Lapidary, that the shaping and polishing of our hearts, our wills, may be perfected quickly; and that we may be ready to be placed in that Royal Diadem which shall eternally reflect the glory of the One who designed the great Plan of the Ages, to the praise of His great and holy name.

SUDDEN DEATH OF
MRS. MARY MILLER
SUNDAY MORNINGWas City's Oldest Business Woman.
Other Deaths Over the
County.An attack of apoplexy with which
she was seized at 10 o'clock Satur-
day night in her store in the Audi-
torium building, caused the death
of Mrs. Mary Miller, aged 67 years,
widow of the late J. L. Miller, Sun-
day morning at 4:30 o'clock.The attack came without warning.
Mrs. Miller was feeling as well as
usual, and had just returned to the
store after a trip to the market,
when she was seized with the fatal
stroke. She was removed to her
home in North Second street, over
the Schiff store, where everything
possible was done to save her life,
but without avail.Mrs. Miller was, in point of years
of service, the oldest active merchant
in the city. The business which she
managed at the time of her death,
was established 40 years ago, and
has been operated continuously ever
since. It was first established by
Mr. and Mrs. Miller in the room
now occupied by Fred Speer's news
stand. Mrs. Miller has always been
actively identified with the business.
She was born in Bavaria, Germany,
in 1847 and came to this country
with her parents, at the age of 5
years. The family settled in Zanes-
ville, where they resided for five
years. At the age of 10 years she
came to Newark, where she had since
made her home.When the Miller store was first
established it consisted of a small
grocery stock, which was enlarged
rapidly as the business increased.
Later a stock of toys was added to
the grocery line, and still later the
floral line was included in the busi-
ness.Only a few months ago the loca-
tion of the store was changed from
the building on the west side of the
square to the north room in the
Auditorium building.Mrs. Miller leaves one son, George
L. Miller, and two brothers, Frank
Trost of this city and George Trost
of Columbus. Her husband, J. L.
Miller, died in 1888.While final arrangements for the
funeral have not been completed, it
is probable that services will be
held Tuesday morning at St. Francis
de Sales Catholic church. Interment
will be made in Mt. Calvary ceme-
tery.POLICE KILL
MANY DOGS IN
A FEW MONTHSYou might not be able to notice
the difference in the population of
Newark's dog family since Jan. 1,
but it really has been reduced by at
least 100, according to police offi-
cers. The department has made a
determined effort to rid the city of
a lot of worthless canines and while
there are still many to work on,
there is really a noticeable decrease
in the number of dogs seen on the
down town streets. Officers declare
that an average of one dog a day
has been dispatched since the first
of the year. As high as half a doz-
en a day have been killed. Besides
the war of extermination waged by
the police, the "dog poisoner" has
been at work in many parts of the
city and many dogs have departed
this life by the poison route.WIND STORM
RAZES POLES
WEST OF CITYA storm of wind and rain Satur-
day afternoon at 5:30, accom-
panied by an electrical display of
considerable magnitude, caused more
or less damage, particularly in the
western part of the city, where the
velocity of the wind reached the pro-
portions of a small tornado. Twen-
ty or twenty-five trolley and tele-
phone poles were blown down be-
tween Sixteenth street and the Coun-
try Club grounds, where the fury of
the storm seemed to be the greatest.The storm came up suddenly out
of the southwest and it was preceded
by a heavy play of lightning. As
far as is known, the lightning did
no serious damage.There was little damage done to
property in the city proper. The
storm lasted but a quarter of an
hour.LOWRY SCHOOL

Columbus, April 20.—Perhaps
the most important state civil ser-
vice examinations conducted are
those to be held Friday and Satur-
day for normal school supervisors,
one full time high school supervisor,
and six half time school inspectors,
members of the civil service com-
mission announced last night. The
normal school supervisor's salary is
\$2,500, that of the full time high
school supervisor \$2,000. The half-
time inspectors receive \$1,000.These are the first examinations
to be held under the Lowry school
reform law enacted at the special
session of the legislature. The ap-
pointment will be made by the
state superintendent of public in-
structions from eligible lists pre-
sented by the civil service commis-

MISSISSIPPI WITH
HYDROAEROPLANES
READY TO SAIL

(Associated Press Telegram)

Pensacola, Fla., April 20.—The
battleship Mississippi with a fleet of
eight hydroaeroplanes on board, and the
United States torpedo flotilla here
consisting of 22 destroyers and two
tenders, the Birmingham and the
Dixie, are waiting for the flash of
the wireless from Admiral Badger
on the flagship Arkansas telling them
to put to sea to join the fleet on its
way to Mexico. It is thought prob-
ably that only 14 of the destroyers
would sail and that the others
would be held in reserve.Seven hundred marines are quar-
tered aboard the Mississippi.
Immediately after receipt of orders
from Washington notifying the
fighters to prepare to leave, work
of rounding up a thousand sailors
on shore leave was begun. By six
o'clock every man was back aboard
his vessel.

FROST PREDICTED.

(Associated Press Telegram)

Washington, April 20.—Frost as
far south as Northern Alabama, is
promised for the beginning of the
week by the weather bureau.
"The week will open," says the
bulletin, "with showers and lower
temperatures in the Atlantic states,
and with generally fair and much
colder weather in the lake region
and the great central valleys, with
freezing temperatures over the
northern tier of states, and with
frost as far down as the Texas
Panhandle, Oklahoma, Northern
Arkansas, Tennessee and possibly
the extreme northern portions of
Mississippi and Alabama."Tie Game When the

OHIO CAN PUT 10,000 IN FIELD IN FEW DAYS

(Associated Press Telegram.)
Columbus, April 20.—"The Ohio National Guard can put 10,000 men in the field this week if war is declared." Such is the belief of Adjutant General Wood, expressed in an interview during the course of which he emphasized the excellent condition in which the Ohio troops have now developed themselves.

While there are not 10,000 enlisted men now in the O. N. G., the adjutant general is confident the present anti-Mexico sentiment is of such volume as to make enlistments grow to that total within a few days. The present enlistment is 6500 men, General Wood said, and besides the infantry, there are four troops of cavalry and four bodies of artillery, which can be mobilized within 24 hours, should the emergency arise.

Adjutant General Wood and the other officers of the State Guard have been anticipating a crisis that would present the danger of a declaration of war, and while they have thus warned themselves of possibilities, they have not been idle in laying their plans to meet whatever emergency may arise.

It develops that the various department heads of the O. N. G. have been working on details necessary for the enlistment and equipment to war strength. In addition to this, recruiting officers attached to each company in the state are declared to have lined up a number of men who are prepared to enlist at a moment's notice.

"The Ohio state troops are in better condition in every way than they have ever been. The men are drilled to a high point of efficiency and it would not take long to drill new men so they would work well with the men of experience," Adjutant General Wood said.

SEN. POMERENE WILL SUPPORT PRES. WILSON

(Associated Press Telegram.)
Canton, April 20.—A long bloody strife and a tremendous governmental expense in money will follow intervention in Mexico, according to an opinion given by Senator Alton Pomerene in an interview, at his home here Sunday afternoon. However, he declared, he was wholehearted with the President in refusing to quibble further with Huerta and would vote to support the administration in any action suggested to congress.

Mr. Pomerene characterized Huerta as a "usurper, a moral degenerate and a drunkard."

"On the Panama tolls question," the senator continued, "the enemies of the administration are also attacking a policy, the advisability of which cannot be questioned for a minute by any long-headed man. Nine tenths of the people of Ohio are with the President on this tolls question, yet a few men would have us understand that the majority of the people are for free tolls for American vessels."

"The first serious mistake in the handling of the Mexican situation," he said, "was when President Taft placed an embargo on arms during the Madero insurrection. That embargo should never have been placed. President Wilson was right in removing it, but the trouble had been started."

MAY FIND REBELS
IN POSSESSION.

(Associated Press Telegram.)
Juarez, Mex., April 20.—Orders for an immediate renewal of the rebel attack on Tampico with the purpose of capturing the town at the earliest possible moment were issued last night. The desirability of speed said to have been emphasized in the order has given rise to rumors that when the American warships start to enforce President Wilson's orders they will find not only rebels but friendly rebels in possession.

Lightweight Pugilist Murdered.

(Associated Press Telegram.)
Pittsburg, April 20.—In a fight over a stogie, Tony Pastorius, a well-known lightweight pugilist, was shot and killed here today. Michael Areno, accused of the shooting, was arrested.

FIVE FLAGSHIPS OF GREAT ATLANTIC FLEET WILL REACH TAMPIOCO WEDNESDAY.

CONGRESS IS CONFRONTED BY MUCH BUSINESS

(Associated Press Telegram.)
Washington, April 20.—While development in the Mexican situation overshadows everything else in Washington, a wealth of legislative business confronts both branches of congress this week.

In the senate the hearings before the committee on interoceanic canals on the president's Panama canal tolls legislation repeal bill will continue. Commercial opposition to the repeal will occupy the greater part of the remainder of the hearings, which will close April 24. Representatives of organizations from cities on the seaboard will be heard among them commercial men from San Francisco, Seattle, and New Orleans. Immediately upon the closing of hearings on the bills, the committee will begin deliberations on the measure with a view to placing it formally before the Senate as quickly as possible.

The president's anti-trust program will receive attention on both sides of the capital during the week. A sub-committee of the Senate interstate commerce committee hopes to place the combination trust bill framed in administration conferences before the full committee during the week. The house judiciary committee will continue its deliberations, on the same measure and Chairman Clayton said today that he hoped to take the bill into the House practically unchanged by the end of the week. Other members of the committee said, however, that the report would be delayed.

The House committee which is investigating conditions in the Colorado coal field, probably will conclude its hearings this week. "Mother" Jones, who led the strikers in the field, and who was several times forcibly ejected from the strike zone is on her way to Washington to appear before the committee.

REBEL ATTACK

(Associated Press Telegram.)
Brownsville, Tex., April 20.—The rebel attack on Monterey, chief city of Northern Mexico, still in the possession of the Federals, began Sunday, and according to reports in Matamoros, General Pablo Gonzales established Constitutional headquarters last night in an iron and steel foundry about two miles from the heart of the city.

MISS MYERS IS RECOVERING FROM GUNSHOT WOUND

Miss Ruth Myers, 18, who shot herself in the left breast several weeks ago at her home, 28 N. Williams street, was able Sunday to be removed from the Newark Sanitarium to her home. She has so far recovered from the effects of the wound that it is believed she will be able to be out within a few days. Miss Myers has never explained how she happened to fire the shot that came so near costing her life. She has been a patient at the Sanitarium since the shooting.

Great Britain last year consumed 130,000,000 gallons of gasoline.

On Board the U. S. S. Arkansas at Sea, by Wireless via Key West, April 20.—The United States battleship fleet will anchor off Tampico about 4 o'clock Wednesday afternoon, according to present calculations.

The South Carolina joined the other battleships Sunday.

Rear Admiral Badger expects to establish wireless communication with Rear Admiral Fletcher at Vera Cruz today.

There were no drills Sunday on account of Sunday observance.

BADGER'S SPLENDID FLEET.
Rear Admiral C. J. Badger will have under his command, when the mobilization of the Atlantic fleet off Vera Cruz and Tampico is complete, nineteen great battleships in four divisions, each consisting of three or four battleships of the first class

NEW BATTERY OF ARTILLERY AT MOUNT VERNON

The newest organization in Ohio's military force is the new battery of field artillery organized since the first of the year at Mt. Vernon. The battery is recruited up to its full strength and is commanded by Capt. Thompson, a civil engineer. The organization is fully equipped with field guns and all the appurtenances of war and has drilled diligently and regularly since it was taken into the service. While the men are all green at the grim business of war, they have developed wonderfully under the careful instruction of state and national officers, and it is declared that a few weeks' daily drilling in camp by Uncle Sam's artillery instructors would place them in fighting trim should they be included in the forces ordered to the Mexican border.

PRESBYTERY MEETS MONDAY AT ZANESVILLE

The spring meeting of the Zanesville Presbytery will convene Monday afternoon in Brighton Presbyterian church, Zanesville. Rev. Don D. Tullis of Newark will deliver an address Tuesday evening before the meeting of the missionary branch of the churches of the district. Included in the business to come before the meeting will be the election of a moderator to succeed J. W. Myers of Zion, whose term expires. A visit to the new Central Presbyterian church is one of the features for the entertainment of delegates. The Tuesday evening service will close the meeting.

MRS. WRIGHT'S FUNERAL TO BE HELD TUESDAY

The funeral of Mrs. Alva Wright, whose death followed injuries received in a runaway accident Saturday morning, will be held Tuesday morning at Smith Chapel, Perry township at 11 o'clock. The body was taken to the Wright home in Perry township Sunday by Bazler & Pradley, who will have charge of the funeral.

DUGAN MADE PRESIDENT.
(Associated Press Telegram.)
Atlantic City, N. J., April 20.—Resolutions abolishing the use of the loaded ball in matches under the supervision of the National Bowling Association were adopted at the annual meeting of that body here Saturday. New York was the only applicant for the 1915 tournament. Elmer E. Dugan, Philadelphia, was re-elected president.

DEDICATION OF BEAUTIFUL NEW CHURCH

ALL DAY SERVICES MARKED
THE OPENING OF HOUSE
OF WORSHIP.

Supt. Norcross and Others Participated in Dedication Exercises of Elizabeth Church.

Despite threatening clouds which overhung the sky during Sunday afternoon, following a drizzling rain in the morning, crowds thronged the new edifice of the Elizabeth Methodist Episcopal congregation in Neal avenue, West Newark, to attend the all-day services marking the dedication of the church.

District Superintendent Dr. A. H. Norcross of Zanesville, together with many other clergymen from over the district, participated in the dedicatory service Sunday, while it is expected that several out-of-town speakers will be here during the week of dedication, which will conclude with Friday's services. The fourth and last number of the church lecture course will be given Friday night.

Bishop Anderson delivered the dedicatory sermon in the forenoon service, and remarks were made by the pastor, Rev. P. H. Frye, and visiting clergymen. Special music was a feature of the morning service. In the afternoon, beginning at 2:30 o'clock, Rev. Dr. Norcross was in charge, delivering an impressive address on the relationship of the church to the community and the duties of each to the other.

The evening service was featured by the sermon of Bishop Anderson, with special music by the choir and congregational singing. The concluding part of the service was the formal presentation of the church by the board of trustees, each member of which has worked untiringly for the speedy completion of the new edifice, which is now one of the most attractive places of worship in Newark.

STRANGE DOG CAUSES PANIC IN CLINTON ST.

A small woolly dog, antecedents or owner unknown, caused a mild panic in a Clinton street home about 3 o'clock Saturday afternoon, when it rushed into the house, ran madly about the room, attempted to climb the lace curtains and do other impossible stunts. The women, frightened by the animal's actions, ran to the warehouse of George Bader, the brewer's agent, and asked for help. Fortunately, none of the men employed about the place had a weapon handy and a call was sent to police headquarters. Patrolman Hubbaugh was sent posthaste to the Clinton street home, where he killed the dog with a revolver shot.

One of the women was bitten slightly on the hand by the dog, but the skin was not broken and no serious results are anticipated. Whether the dog was suffering from rabies or some less serious illness was not determined.

FIVE KILLED, SCORE HURT AT SAGINAW

(Associated Press Telegram.)
Saginaw, Mich., April 20.—Five persons were killed and a score injured, several of them seriously, late Sunday night, when a street car split a switch at a street intersection, turned over on its side and crashed into an iron pole.

The dead are:
Fletcher Smith, 65, a druggist.
Miss Ethel Estelle.
Miss Elsie Boom.
Two-year-old daughter of Mr. and Mrs. Wm. Golden.

The most dangerously hurt are Mrs. John Gilmore and Mrs. W. W. Vanbrunt, both of whom, physicians say, probably will not recover.

There were more than 75 passengers on the car, which was running at a rapid rate of speed when it left the rails. It was practically demolished by the impact, and those injured were severely cut by flying glass and splintering wood.

BUCKEYE LAKE WAS MECCA FOR SUNDAY CROWDS

A large crowd was at Buckeye Lake Sunday in spite of the rain, and the water was dotted with craft, anglers trying for the big-mouthed bass, as it was a little rough for Lake Eries or sunfish. Quite a few catches were reported, and after the sun came out in the afternoon the small fish began biting.

The cars from Columbus and Newark were well patronized and many enjoyed a dinner at the several hotels that are now open for spring, as they are well patronized by the sportsmen who enjoy the early fishing.

Cottagers are busy overhauling their summer homes and painting their boats. The park these days presents a scene of activity, scores of carpenters, painters and laborers being employed in overhauling the hotels and various dancing pavilions and concession buildings.

Manager Will D. Harris of the Buckeye Lake Park, is making some splendid improvements, chief of which is the enlarging of the dancing pavilion and the rearranging of Hotel Harris.

Landlord Glass of the Glass Hotel is also enlarging his dancing pavilion and will extend it out into the lake. He will also add an addition to the hotel and build onto the porch.

The hotel at Bruno has been entirely remodeled, every room being newly papered and painted. A new dancing pavilion is being built which will be extended into the lake. The park adjacent to the hotel is being cleaned up and concession stands erected. The proprietors expect to employ an excursion agent and cater to summer visitors.

It is predicted that more business will be done at the lake this season than for a number of years past.

D. A. R. CONGRESS.
(Associated Press Telegram.)
Washington, April 20.—Members of the Society of the Daughters of the American Revolution poured in to the national capital last night from all parts of the country for the opening session today of the twenty-third continental congress of the organization.

NEWARK ASTIR OVER SPANISH WAR APR. '98

PRESENT EVENTS RECALL DAYS
OF EXCITEMENT JUST 16
YEARS AGO.

Company G and Battery G of This
City Both Called To Arms By
Spanish War.

Sixteen years ago, almost to the day, Newark astir with the excitement of the impending struggle between the United States and Spain—the struggle which was precipitated by the destruction of the battleship Maine in Havana harbor. Sixteen years and three days ago, Newark's Company G, of the Seventeenth regiment, O. N. G., received orders to assemble for movement on orders from Columbus.

It was a time of thrills and excitement. At 9:15 on the night of April 23, 1898, Lieutenant Carl Allen received a message from Col. A. L. Hamilton, commandant of the regiment, to assemble his command at the armory and await further orders. The news brought a great cheer from the throats of the 75 "boys in blue," who stood waiting, while they thrilled with enthusiasm over the prospects of plenty of action.

At 11 p. m. the bell at fire headquarters carried out the pre-arranged program and tolled ten strokes, repeating at intervals.

On the same date Capt. William C. Miller, in command of Battery C, First regiment, Light Artillery, was ordered to aid in assembling his men as rapidly as possible, to await further call from his superior officers.

At 8 o'clock Monday morning, two days later, the day war with Spain was actually declared, the troops assembled at the armory. For a time it was reported the state troops would have mobilization headquarters on the state encampment grounds here, but this arrangement was changed at the last moment in favor of Columbus, much to the dislike of Newark people.

From Saturday until Monday afternoon the company had added 30 recruits. Every spare moment was spent in drilling the "raw" men. The command consisted of Captain Elmer Blizard, First Lieutenant Carl Allen, Second Lieutenant C. C. Crawford, First Sergeant Charles C. Hamilton, Sergeant George M. Henry, Sergeant Charles C. Petrey, Sergeant Charles F. Walton, Corporal Edward R. McFarland, Corporal Geo. Deedim, Corporal George E. Roe, Corporal W. H. T. Hyder, Corporal Sylvester Beadie and Corporal John V. Scott.

On Monday the soldiers started away. It recalled the days of '61. Intense excitement prevailed. Fire alarms were sounded, hurrying, scurrying throngs crowded the streets, and here and there were marching soldiers preparing for the farewell parade to the Pennsylvania station, where the company took trains for Columbus, from where later it was transferred to centralization camp in Chickamauga, Tenn.

Flags were waving. The battle-cry, "Remember the Maine," was shouted along the line of march, bouquets of flowers adorned the marchers and were thrown in their path as they passed on their way to the station to the stirring music of the band, while tears and cheers mingled to bid the "boys" adieu and God-speed.

It is not unlikely that Newark is facing a repetition of the scenes of sixteen years ago.

The militiamen are anxiously awaiting the call to arms. Many with families of their own, wives and children, are anticipating the order that has been more or less expected for the past four years, in fact ever since the Mexican turmoil began to involve American rights and property.

TEXT

(Continued from Page 1.) effect that a protocol would be objectionable. The president replied: "Your reply to O'Shaughnessy is exactly what I should have wished it to be. In no case should any concession of any kind in detail or otherwise be made." I talked with the President over the telephone when your telegram of 11 a. m. last night was received to the effect that General Huerta had acceded to the demand but only on condition that you sign a protocol. He repeated most emphatically his objection to any protocol or agreement. He insists that the salute shall not be fired as a matter of contract with any stipulation that it be returned by us. It must be fired in accordance with international custom as an apology for the insult offered. General Huerta must trust that the United States will live up to the requirements of international courtesy in returning his salute when it shall have been fired. The proposed protocol is especially objectionable for it is so phrased that General Huerta might construe it as recognizing his government, whereas the President has informed General Huerta and the foreign governments that General Huerta's government will not be recognized. General Huerta's acceptance of the demand of Admiral Mayo must be unconditional. The details can be arranged directly with Admiral Mayo after General Huerta announces that he will comply with the demand. Make it clear to General Huerta that further negotiations are unnecessary. It is expected that he accept at once in order that the incident shall be closed.

"At nine o'clock a telegram was received from Charge O'Shaughnessy but it was not conclusive and stated that he would call at the foreign office at 6 o'clock for a final answer.

"At 10 o'clock a telegram of which the following is the substance, was received from Charge O'Shaughnessy conveying General Huerta's final refusal. This was communicated to the president immediately by telephone and he directed that a cabinet meeting be called for ten-thirty o'clock Monday morning.

"At 5:50 p. m. I called at the foreign office and was handed a note verbal by the minister for foreign affairs. The note states in substance that the government of Mexico is not disposed to accede to the unconditional demand of the government of the United States. It further states that the Mexican government was disposed to act according to the terms of the protocol which I have transmitted to you. I informed him that so far as this embassy is concerned the matter is closed and that I should immediately inform my government that General Huerta had definitely refused the demands of the government of the United States. A translation of the note will be cabled later.

"The president will arrive at Washington at eight o'clock this morning.

The White House later made public a paraphrase of Secretary Bryan's telegram to Charge O'Shaughnessy yesterday shortly after noon, directing the deliverance of President Wilson's ultimatum. It was in part as follows:

"Say to General Huerta in reply to yours of April 17th, that the President of the United States feels great disappointment at his failure to a prompt and willing reparation for insults which were offered American sailors at Tampico, the offense being still further aggravated by the subsequent arrest of a mail carrier of the United States at Vera Cruz. In the belief that General Huerta would on consideration accede to the most reasonable demands of Admiral Mayo, time has been given him. From your telegram it would seem that this government's forbearance has been misinterpreted. Under all the circumstances the request for a simultaneous salute is as unjustifiable as is the arrest of American sailors, and this makes it impossible for this government to consider further delay.

"You are instructed to inform General Huerta that unless he announces his intention to comply with Admiral Mayo's demand by six o'clock p. m. Sunday, April 19, the president will take the matter before congress on Monday, with a view of taking such action as the exigencies of our nation's flag may require. General Huerta is to arrange the details of the salute with Admiral Mayo if he renounces the position taken by him. Should he adhere to the position he has taken, you will make the contents of this telegram known to the representative of foreign governments and send a paraphrase of the telegram to all consulates of America stationed in Mexico so that they be communicated to American citizens who should at the same time be reminded of the president's order to withdraw from Mexico.

"You are instructed to inform as to General Huerta's attitude and answer as promptly as possible."

CO. G. BOYS ARE READY FOR SERVICE

LOCAL NATIONAL GUARD ORGANIZATION COULD TAKE FIELD IN 24 HOURS.

Capt. Priest Has 50 Men In Command and War Strength of 100 Men Could Be Reached in Few Days.

For more than three years Company G, Fourth Regiment, O. N. G., the Newark military organization, has been in preparation for mobilization orders on twenty-four hours notice. In compliance with instructions issued from the office of the state adjutant general in Columbus, which from time to time have been supplemented as the present crisis appeared more and more inevitable. Capt. C. V. Priest, in command, stated last night that the organization is in excellent condition should a call be issued, which may now be expected momentarily.

The company is recruiting for full military strength. There are at present fifty enlisted men or the roll. It is the belief of commandants that the company can be recruited to full war strength of 100 men in two days' time.

Instructions to call for recruits

have not yet been issued specially, but such a call may be expected at any time.

Captain Priest is assisted in command by First Lieutenant-elect C. R. Stauffer, recently advanced from second lieutenant but who has not yet been installed as second in command. The company includes several men who have served considerable time, and with the regular weekly drills, is said to be in splendid condition for a long campaign, and if necessary, actual fighting.

It is held doubtful, however, that the national guard would be called upon for anything other than border patrol and re-enforcement duty following action by the regular troops in case of an invasion of Mexico by way of the Texas border.

In event of an order to arms, Co. G would be directed to join other Ohio National guardmen in a mobilization camp either at Camp Perry or in Columbus, with a sufficient length of time intervening to allow the company to recruit full strength. In that event, the entire state troops likely would remain in mobilization camp for a period of four to six weeks before receiving orders to proceed to a concentration camp, which likely would be in some southern city with easy access, by a few days' march or a few hours by train to the border territory.

Members of Co. G are all said to be on the alert and eager for orders to proceed, if war must be. Captain Priest said last night the company would be recruited to full strength immediately, in anticipation of further orders from the department of State Adjutant General Wood.

MUCH INTEREST IN THE MEXICAN SITUATION HERE

HUERTA'S REFUSAL TO SALUTE AMERICAN FLAG WAS NO SURPRISE.

Splendid Service of Associated Press Kept Newark People Fully Advised.

As Saturday's press dispatches stated that President Wilson had given General Huerta until 6 o'clock Sunday evening to salute the American flag or take the consequences, the Mexican situation was the sole topic of discussion Sunday. The great and widespread interest in the Mexican news was indicated by crowds that stood about the bulletin boards and by the hundreds of telephone calls received at the Advocate office.

A sigh of relief went up Sunday night when a bulletin was posted at another office, saying that Huerta had saluted the flag but the message was evidently a "grapevine" as the bulletin was not permitted to stand more than a few minutes. It was significant that it was posted about that hour in the evening when direct and definite news was expected. If the guess had happened to be

correct—well it wasn't correct. Expressions heard everywhere Sunday were to the effect that Huerta would not comply with the president's demand and it was pointed out that the wily dictator had everything to gain and little to lose by such a course. It was agreed that Huerta preferred to fall into Uncle Sam's hands rather than meet defeat from Villa, the latter meaning the loss of position, fortune and perhaps life itself.

How does the dictator pronounce his name? One may hear it called Hew-erta, Hoo-erta, War-ta or Who-erta. The latter spelling is said to most nearly represent the right pronunciation, with accent upon the last syllable and the "er" pronounced much like "air."

All day Sunday the Advocate received Associated Press dispatches telling of the situation and this newspaper was the first to post the official announcement from Charge O'Shaughnessy that Huerta had declined to comply with the American demand thus bringing this country face to face with another Mexican war.

CONFERENCE BETWEEN VILLA AND CARRANZA

Matters of Great Importance Will Be Discussed at Today's Meeting in Chihuahua.

(Associated Press Telegram)
Juarez, Mex., April 20.—Matters of the greatest importance will be discussed at Chihuahua today, it is said, if General Villa, as expected, arrives there for the first of a series of interviews with General Carranza. Whether Huerta salutes the American flag or not, the Tampico incident will come in for the gravest consideration, for rebel leaders declare their belief that Huerta would not hesitate to bring about a foreign war if by so doing he hoped to unite the country.

Finances, foreign relations, civil appointments and details of further campaigns are other subjects which will be thrashed out. All cabinet members except Secretary Zubaran of the interior department, it is reported, will be present. Zubaran and Roberto V. Pesquera, confidential agent of the Constitutionals in El Paso, will be present on Tuesday.

There may be war with Mexico, but the Advocate's big Booklovers' Contest will continue to the end. It is a miniature battle—a battle of wits, with thrills, excitement and clean entertainment, with 126 prizes valued at nearly \$4000 as a reward for your efforts. Just a few more pictures are to appear. It is never too late to begin putting forth efforts to win one of those prizes. Any one of them is worth the time and attention required to win it. Send for the book coupons and a catalogue and start NOW. The catalogue costs 25 cents, and two cents postage if mailed. Coupons may be had at the Advocate office for two cents each. Write or telephone the Contest Editor NOW.

WHAT IS MEANT BY THIS PICTURE?

COUPON NO. 60.

Newark Advocate Booklovers' Contest

Title
Author
My Name
My Address
(60) APRIL 20, 1914. (60)

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the pictures and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted.

If any one of the five answers that may be given to any picture is correct, the contestant will be credited for the correct solution and will not have the incorrect ones counted against his or her chances. Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 350 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared. In the opinion of the judges.

No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures.

Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and Editor "Booklovers' Contest, Advocate, Newark Ohio. The awards will be made strictly according to the correctness of each set of answers, and the correctness shall be determined by the Judging List, the catalogue issued by us as governing the Booklovers' Contest. This catalogue can be obtained from the Advocate office for 25c (27 cents if by mail), and will include in its 5000 titles every one used in the contest. Awards will be announced in this newspaper after the close of the contest.

It is not absolutely necessary to send in solutions on blanks clipped from the Advocate, as duplicate pictures may be drawn by the contestant, if he or she so desires, or duplicate blanks may be obtained at the office of the Newark (Ohio) Advocate.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids

Kidney and Bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

COAL MINERS AWAIT TEST OF THE NEW LAW

Delegates Meet in Columbus to Consider Adjustment and Talk New Scale.

(ASSOCIATED PRESS TELEGRAM) Columbus, April 20.—Activities looking toward a settlement of the differences between the Ohio coal miners and their employers were begun here today with a convention of 200 delegates from the miners called for the purpose of drawing up a wage scale agreement under the new anti-screen law.

It was expected that if the delegates followed the advice of their leaders they would vote to submit the scale with the declaration that under no circumstances would they consent to resume work under the old scale pending determination of the proceedings to test the constitutionality of the new law in the federal courts.

Tie Game When the Rain Called a Halt.

(Special to Advocate.) Athens, April 20.—Rain stopped the game between Denison and Ohio here Saturday afternoon in the last half of the fifth. At this time the score stood Denison 3, Ohio 3. Ohio had a man on second and one out when play was discontinued.

In the fourth inning Ohio secured two singles and a double off Biggs, resulting in three runs. He was removed in favor of Marsh. Arrangements have been completed to play the game here on June 13.

Because of a bad arm, Captain Schwegman of Denison, did not attempt to do any pitching. He has been troubled all week more or less and the postside finger will likely be seen in action here in June.

PRISON LEAGUE SEASON AT HAND

(ASSOCIATED PRESS TELEGRAM) Columbus, April 20.—The penitentiary baseball league opens its season next Saturday. The opening game, between the Blacks and the Whites, will be preceded by demonstrations just like those of a regular league on the first day of the season.

The parade will form in the prison yard shortly after the noonday meal. Spectators and players alike will march to the baseball field, with the prison band at their head.

Warden Thomas says all arrangements have been completed, but an umpire has not been chosen.

OHIO CAN PUT 10,000 IN FIELD IN FEW DAYS

(ASSOCIATED PRESS TELEGRAM) Columbus, April 20.—"The Ohio National Guard can put 10,000 men in the field this week if war is declared." Such is the belief of Adjutant General Wood, expressed in an interview during the course of which he emphasized the excellent condition in which the Ohio troops have now developed themselves.

While there are not 10,000 enlisted men now in the O. N. G., the adjutant general is confident the present anti-Mexico sentiment is of such volume as to make enlistments grow to that total within a few days.

The present enlistment is 6500 men, General Wood said, and besides the infantry, there are four troops of cavalry and four bodies of artillery, which can be mobilized within 24 hours, should the emergency arise.

Adjutant General Wood and the other officers of the State Guard have been anticipating a crisis that would present the danger of a declaration of war, and while they have thus warned themselves of possibilities, they have not been idle in laying their plans to meet whatever emergency may arise.

It develops that the various department heads of the O. N. G. have been working on details necessary for the enlistment and equipment to war strength. In addition to this, recruiting officers attached to each company in the state are declared to have lined up a number of men who are prepared to enlist at a moment's notice.

"The Ohio state troops are in better condition in every way than they have ever been. The men are drilled to a high point of efficiency and it would not take long to drill new men so they would work well with the men of experience." Adjutant General Wood said.

It isn't always the love of music principally of falling in and having a falling out.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agents, Hall's drug store.

\$75.00 VICTROLA FROM RAWLINGS' SPLENDID PRIZE

How would you like to have this splendid Victrola in your home? This is one of the one hundred and thirty-six prizes offered you in the Advocate's Booklovers' contest.

This fine \$75.00 Victrola was purchased from the A. L. Rawlings Music Store at 4 North Park Place, one of the oldest and best known business houses in Newark.

One of the great features of this prize is that you have your choice of a Columbia, Victor or Edison Victrola. They will all have beautiful mahogany cabinets. The Edison has the diamond point needle and no change is necessary, but with the Columbia and Victor a new needle should be used on every piece. These

Victrolas are all the latest models and Mr. Rawlings has a splendid stock for selection.

He has an immense line of high grade pianos such as Knabe Bros., Smith & Nixon, Acoustic, Grand made by the Chickering Bros., the Rawlings Piano made by Knabe Bros. at their factory at Norwood, O., and other cheaper makes.

Mr. Rawlings also makes a specialty of Player Pianos, having the Apollo, which has a world wide reputation, the Smith & Nixon, known the world over, the Rawlings & Milton and others.

Everything in the small instrument line is also to be found here. All pianos and piano players can be bought here on the easy payment plan if desired.

This Victrola is a prize that everybody wants—old and young like it immensely, and some home will be gladdened at the close of the Advocate's big Booklovers' Contest. Just think of the pleasure of having this fine \$75.00 Victrola in your home.

THROW AWAY YOUR EYE-GLASSES!

A Free Prescription

You Can Have Filled and Use at Home.

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says: "After trying it I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night I would pain dreadfully, now the eye is all right. It was like a miracle to me. A lady who used to wear glasses, says she can do away with or without glasses, but after using this prescription for fifteen days everything came up. I can now go on a fine point without glasses. It is believed that two thirds who wear glasses can now do so. The trouble of many eye-weaknesses may be wonderfully relieved by following the simple rule. Here is the prescription: Go to any first drug store and get a bottle of Ointment. Put a two ounce bottle with water, drop in one cent of eye ointment, drop in one cent of eye ointment, and allow to dissolve. With this time, the eye is free to four times its size. \$82.00 THORNHILL WAGON BOOKLOVERS' CONTEST PRIZE

The best known materials—the labor of master workmen—the aid of the most ingenious modern machinery—have been employed to make the Thornhill wagon.

The wheels are made with excessive care. For the spokes the manufacturers use the finest hickory machine driven to insure the right dish. The hubs are of oak, thoroughly seasoned and banded with double refined sable iron.

The bolsters are of the best white oak. They have an iron plate at top and bottom, riveted through and through—multiplying their strength.

The "Thornhill" has a malleable front hound plate that is braced to the hounds at all points. This is an exclusive "Thornhill" feature. It prevents the gears from ever getting out of line and causing hard pulling.

"Thornhill" wagons are equipped with long sleeve malleable—non breaking skids that insure light running and outlast any other skid. Each skid is fitted to its axle with a DeLancey machine—infallibly accurate. This machine insures the

REBEL ATTACK

(Associated Press Telegram.)
Brownsville, Tex., April 20.—The rebel attack on Monterey, chief city of Northern Mexico, still in the possession of the Federals, began Sunday, and according to reports in Matamoros, General Pablo Gonzalez established Constitutional headquarters last night in an iron and steel foundry about two miles from the heart of the city.

MISS MYERS IS RECOVERING FROM GUNSHOT WOUND

Miss Ruth Myers, 18, who shot herself in the left breast several weeks ago at her home, 28 N. Williams street, was able Sunday to be removed from the Newark Sanitarium to her home. She has so far recovered from the effects of the wound that it is believed she will be able to be out within a few days. Miss Myers has never explained how she happened to fire the shot that came so near costing her life. She has been a patient at the Sanitarium since the shooting.

NEW BATTERY OF ARTILLERY AT MOUNT VERNON

The newest organization in Ohio's military force is the new battery of field artillery organized since the first of the year at Mt. Vernon. The battery is recruited up to its full strength and is commanded by Capt. Thompson, a civil engineer. The organization is fully equipped with field guns and all the appurtenances of war and has drilled diligently and regularly since it was taken into the service. While the men are all green at the grim business of war, they have developed wonderfully under the careful instruction of state and national officers, and it is declared that a few weeks' daily drilling in camp by Uncle Sam's artillery instructors would place them in fighting trim should they be included in the forces ordered to the Mexican border.

Mayor George W. Smoots of Utica and Miss Margaret S. Nernine were married here late Saturday afternoon by Rev. L. C. Sparks in the First A. E. parsonage. Immediately after the ceremony Mayor Smoots and his bride left for Utica in their motor car.

The bride formerly resided in Newark with her parents, but the family removed to Utica some time ago.

OPEN AIR SLEEPING.
Now that the voice of open-air sleeping has grown beyond the stage of a "treatment" and interests those who want to keep well as much as it does those who want to get well, it is interesting to see how simple, inexpensive and adequate shelter may be provided in or on the ordinary dwelling. In the May Popular Mechanics Magazine a number of simple ways to provide out-of-door sleeping places are described, with illustrations.

Situation Acute

The Mexican situation is acute. General Huerta has refused to comply with the American demands and the United States government is about to take steps to preserve the dignity and honor of the country. Twenty-two thousand men in United States uniforms are now en route to Mexican waters and at a meeting of Congress this afternoon President Wilson read a special message asking for the use of the army and navy to uphold the nation's dignity and restore peace in troubled Mexico.

President Wilson makes it clear that this country is not to go to war with Mexico—he points out the fact that the United States is Mexico's friend, that the issue is only one between the United States and a man who calls himself the President of Mexico. This country has been patient and has been hoping against hope that Huerta would see the hopelessness of his cause and cease his indignities towards American citizens and American property but patience at times ceases to be a virtue. The use of an armed force to preserve respect for the Stars and Stripes is to be deplored in that it may mean the sacrifice of American lives, a prolonged conflict with its attendant misery and its property sacrifice.

The people, however, are of one mind. The honor of the Flag must be preserved and under the wise guidance of President Wilson all will confidently hope that peace will be restored with as little delay and with as little sacrifice as possible.

On Second Thought

The man who joins church merely because his wife wishes him to do so never gives the devil much of a battle. Generally speaking, the most severe critic of the drama is the man who once took part in an amateur show.

Buck Kilby scouts the theory that civilization is a veneer. Buck says civilization is one coat of white paint hastily applied.

Our town evinces some interest in the drama. But so long as the high school graduating exercises attract a larger audience than that to which Mrs. Fiske customarily plays we do not intend to boast of it.

People, as a rule, are reluctant to speak well of the human family, but when traducers arise the dog is always staunchly defended.

The rule is that no man can catch a woman by chasing her.

Fools receive the greatest amount of encouragement; conservative men of sound judgment the least.

There is no occasion to mistake the road to hell for some other route. At every cross roads along the way warning notices are posted.

Generally speaking, when a man gives up his seat in a crowded car to a woman it means that his wife has shamed him into doing it.

Uncle Walt

Untimely Guests.

It's hard to wear a saintly smile when horses exclaim together, "We've just dropped in to talk a while about the crops and weather." The earnest man gets down to brads, sells goods or scribbles sonnets, to earn the dollars of our dads, and keeps his wife in bonnets; he has no time to fool away, he needs each precious second; if a man would win at balling hay, each moment must be reckoned. And so the fever, anxious-eyes, must labor at his fences, if he would keep his wife supplied with coin for bridge expenses. And when his troubles are so thick that he could fairly blubber, the borer come in. Hank, Tom and Dick, and sit and talk and rubber. There ought to be a law, methinks, for these who thrash the weather, compelling all such idle sinks to go and beat together. It isn't fair that busy folks must evermore be bothered by dizzy jays with dizzy jokes and gags.

MEXICAN SITUATION

(Continued from Page 1.)
with special ceremony by the military commander of the port.
"The incident cannot be regarded as a trivial one, especially as two of the men arrested were taken from the boat itself—that is to say, from the territory of the United States; but had it stood by itself it might have been attributed to the ignorance or arrogance of a single officer. Unfortunately it was not an isolated case. A series of incidents have recently occurred which cannot but create the impression that the representatives of General Huerta were willing to go out of their way to show disrespect for the dignity and rights of the United States government, and felt perfectly safe in doing what they pleased, making free to show in many ways their irritation and contempt. A few days after the incident at Tampico an orderly from the U. S. S. Minnesota was arrested at Vera Cruz while ashore in uniform to obtain the ship's mail and was for a time thrown into jail.

"Official dispatches from this government to its embassy at Washington City were held by the authorities of the telegraph service until peremptorily demanded by our charge d'affaires in person. So far as I can learn such wrongs and annoyances have been suffered to occur only against representatives of the United States. I have heard of no complaints from other governments of similar treatment. Subsequent explanations and formal apologies did not and could not alter the popular impression which it is possible it has been the object of the Huertista authorities to create, that the government of the United States was being singled out and might be singled out with impunity, for slight and affronts in retaliation for its refusal to recognize the pretension of General Huerta to be regarded as the constitutional provisional president of the Republic of Mexico.

"The manifest danger of such a situation was that such offenses might erode from bad to worse, until something happened of so gross and intolerable a sort as to lead directly and inevitably to armed conflict. It was necessary that the apologies of General Huerta and his representatives should be such as to attract the attention of the whole population to their significance and such as to impress upon General Huerta himself the necessity of seeing to it that no further occasion for explanations and professed regrets should arise. I therefore felt it my duty to sustain Admiral Mayo in the whole of his demand and to insist that the flag of the United States should be saluted in such a way as to indicate a new spirit and attitude on the part of the part of the Huertistas.

"Such a salute General Huerta has refused and I have come to ask your approval and support in the course I now propose to pursue.

"This government can, I earnestly hope, in no circumstances be forced into war with the people of Mexico. Mexico is torn by civil strife. It is unable to accept the tests of its own constitution it has no government. General Huerta has set his power up in the city of Mexico such as it is without right and by methods for which there can be no justification. Only part of the country is under his control. If armed conflict should unhappily come as a result of his attitude of personal resentment towards this government, we should be fighting only General Huerta and those who adhere to him and give him their support, and our object would be only to restore to the people of the distracted republic the opportunity to set up again their own laws and their own government.

"But I earnestly hope that war is not in question. I believe that I speak for the American people when I say that we do not desire to control in any degree the affairs of our sister republic. Our feeling for the people of Mexico is one of deep and genuine friendship and everywhere that we have so far done or refrained from doing has proceeded from our desire to help them, not to hinder or embarrass them. We would not wish even to exercise the good offices of friendship without their welcome and consent. The people of Mexico are entitled to settle their own domestic affairs in their own way, and we sincerely desire to respect their right. The present situation need have none of the grave complications of interference if we deal with it promptly, firmly, and wisely.

"No doubt I could do what is necessary in the circumstances to enforce respect for our government without recourse to the congress and yet not exceed my constitutional powers as President; but I do not

wish to act in a matter possibly of so grave consequence without in close conference and cooperation with both the Senate and House. I therefore, come to ask your approval that I should use the armed forces of the United States in such ways and to such an extent as may be necessary to obtain from General Huerta and his adherents the fullest recognition of the rights and dignity of the United States in the midst of the distressing conditions now unhappily obtaining in Mexico.

"There can in what we do be no thought of aggression or of selfish aggrandizement. We seek to maintain the dignity and authority of the United States because we wish always to keep our government unimpaired for the uses of liberty, both in the United States and wherever else it may be employed for the benefit of mankind."

PRES. WILSON ON MEXICAN SITUATION

(Associated Press Telegram)
Washington, April 20.—President Wilson told the Washington correspondents today not to let the impression that the United States was going to have war with Mexico. He pointed out that under no circumstances would the United States fight the Mexican people, that it was their friend.

Mr. Wilson said he was going to congress to tell of a special situation and to ask approval of plans to meet a special situation. He declared the issue was only one between the United States and a man who calls himself president of Mexico but whom the United States had never recognized as entitled to that right. The president said the intention of the United States was to help the people of Mexico and that he had gotten a feeling of uneasiness when he found the newspapers fired with enthusiasm for war.

Mr. Wilson declared he did not want war but justice and that he did not consider such acts of reprisal as are planned, acts of war, but measures short of war, sustained by the Greytown precedent for one. The president said that in reality he was going to congress on a campaign for which, strictly speaking, it was not necessary to obtain authority but that it was his desire to have the full co-operation and the full purpose of congress. Mr. Wilson said that the executive could take steps which would fall short of a declaration of war.

The president emphasized that he had not lost his patience with Mexico for to lose patience seemed to him an act of weakness on the part of a person strong enough to do as he ought, but that he felt such incidents as recent ones might go from bad to worse and eventually bring about a state of conflict.

The president said that he thought it was wise in the interest of peace to cut off those repeated offenses at an early stage.

Events of the day the president indicated, such as a final acceptance from Huerta might alter his plans and he added that even the course of action by the navy was dependent upon circumstances of the hour.

When the president was asked the direct question if the purpose of his action was to secure the elimination of Huerta he replied that the Tampico incident did not involve that question. He replied that the United States merely wanted full recognition of its dignity and such a recognition as would constitute a guarantee that such incidents as the one at Tampico would not occur again.

The president announced that he had his message ready, that it was about a thousand words long and would take about ten minutes to read. He declined to give out copies.

President Wilson had outlined his message last night while traveling and after going over a first draft with the secretary of state submitted it to the cabinet.

While the president's plans were not officially disclosed it was conceded in official circles that he would ask congress to authorize what are known in international law "as measures short of war," which while not being a declaration of war on the part of the United States might so be construed by Huerta. According to best informed officials these would consist of the following:

1. Seizure of the ports of Tampico and Vera Cruz.
2. Seizure of the Mexican gunboats in these waters.
3. Seizure of the railroad from Vera

Cruz to the Mexican capital to a point including a trestle twenty miles west of Vera Cruz to prevent the route to the Mexican capital being blocked.

3. Probably a request for a special appropriation to carry out these measures. This latter point however, was not definite early today.

Secretary Garrison announced today that Major General Leonard Wood, chief of staff of the army would command the American forces should it become finally necessary to use.

Secretary Bryan left his early conference with the President, saying the situation was unchanged, no new dispatches had been received and that nothing but a complete breakdown by Huerta could stop the Washington governments plan for action.

The attitude of Carranza and Villalobos, the constitutionalists, the secretary said, he considered very favorable and did not expect any complicating developments from that phase of the situation.

Cabinet members began arriving at the White House before the hour set for the meeting with the result that the session began before the appointed time. All other callers were turned away.

Secretary Garrison said no orders had been issued for any movement of troops. General Wood's four year detail as chief of staff of the army will expire next Wednesday. He probably would leave immediately for Texas City, where the second army division has been mobilized for 14 months.

The general comment among congressmen was in hearty support of the president and the possibilities of action. Some, however, dissented from the president's plan. Republican Leader Mann of the House has issued a statement saying he was not in sympathy with the movement and today Senator Bristow commented adversely upon the administration's attitude.

"When President Wilson comes to congress today asking for the use of the armed forces of the United States to compel Huerta to apologize he will not receive my vote," announced Senator Bristow.

"If he asks for authority to put down insurrections or establish a stable government in Mexico, a more serious question for consideration will arise. This thing of making war upon the Mexican people merely because a man the president calls a 'bandit,' refuses to apologize is idiotic."

Secretary Bryan announced that he had received the full text of Mr. O'Shaughnessy's message from Mexico City containing Huerta's reply. He said it was not a long message but declined to make the full text public until after the cabinet meeting.

TATE MILITIA HAS NO ORDERS FROM WAR DEPARTMENT.

(Associated Press Telegram)
Columbus, April 20.—Officers of the national guard from many parts of the state called Adjutant General George H. Wood on long distance telephone today inquiring the prospects for being sent to the front. General Woods' answer to all is that he has had no word from Washington concerning a possible troops movement in connection with the Mexican trouble.

"I hope we will not have to actually go to war," said Governor James M. Cox today. Ohio's national guard will be among the first to respond if there is necessity, but I hope, personally, there will be no need."

The Ohio national guard would be able to furnish 10,000 men on short notice.

AMERICANS WILL REMAIN IN MEXICO DESPITE WAR CLOUDS.

(Associated Press Telegram)
Mexico City, April 20.—The Mexican capital awaited with intense interest today the next word from Washington in reply to the refusal of Provisional President Huerta to comply with the demand of the United States.

All the morning papers published a lengthy statement by the Mexican foreign minister, Senor Portillo Y. Rojas, outlining the reasons for the position General Huerta had taken—namely, that the American flag was not flying on the boat when the Huertists were arrested on shore at Tampico, that therefore the flag had not been insulted and that compliance with the demand for an unconditional salute would be humiliating to Mexico.

This statement was followed by one from President Huerta advising Mexicans to refrain from demonstrations which might embarrass possible negotiations.

Many American residents have made preparations to stay in the Mexican capital, whatever be the

outcome of the present crisis, unless they are ordered to leave by the Mexican authorities. They express belief that they will not be harmed in any eventuality. Others are going to Vera Cruz or are making preparations to leave if necessary.

According to official advices Americans in Mexico already are beginning to leave. Officials understood that hundreds of Americans left Mexico City yesterday for Vera Cruz.

The state department through Mr. O'Shaughnessy and by direct messages from Mr. Bryan to American consuls throughout has warned all Americans to leave. Such protection as the United States has undertaken to extend to foreigners will not be affected, according to the present purpose. Diplomatic bodies in Washington have learned that the United States will continue to look after foreigners in Northern Mexico in the constitutional zone, where foreign governments have no consular representative. In federal territories those governments will continue to look after their own subjects.

Secretary Garrison conferred with Gen. Wood, Gen. Wetherspoon who will become chief of staff next Wednesday, Brigadier General Crowder, Judge Advocate General and other officials of the department. It was understood that they were preparing recommendations to congress looking to the immediate passage of legislation providing for a large volunteer army.

The basis of the recommendations will be the Hay bill, already passed by the House, which will permit the mustering into the United States army of militia organizations with their officers providing 75 per cent. of the man are willing to do so.

Senator Shively called a meeting of the foreign relations committee after the cabinet had met. Some senators were prepared to urge that any resolution adopted by congress should specifically provide for the protection of the lives and property of citizens of the United States and other foreigners in Mexico.

Senator Martin, chairman of the appropriations committee, expressed the belief that an emergency appropriation was not necessary at this time, but that an appropriation of fifty million dollars, the sum appropriated at the beginning of the Spanish-American war would be made if asked by the President.

State department estimates put the number of Americans in Mexico City at 1200; Vera Cruz, about 800; Tampico, 500; Torreon 150; Chihuahua, 150; Guadalupe 200 and the rest scattered in Guaymas, Mazatlan, Acapulco and other small towns.

REFUGEE SHIP IS CHARTERED BY NAVY DEPARTMENT.

(Associated Press Telegram)
Washington, April 20.—The navy department today chartered the War Liner Mexico now in Mexican gul' waters for a refugee ship at Tampico. The war department took options on several ships to be used as transports.

FRANCE AN ONLOOKER.

(Associated Press Telegram)
Paris, April 20.—The attitude of the French government in connection with President Wilson's policy towards Mexico is one of calm observation according to the view expressed at the foreign office today. A disposition exists here to remain detached from events in Mexico unless incidents should arise directly concerning France.

QUIET AT VERA CRUZ.

Vera Cruz, Mexico, April 20.—This city continues very quiet in spite of the situation. Communication by launch with the American war ves sels lying off the port was rendered difficult today by a stiff northerly wind.

FILM CENSORS MAY COME UNDER CIVIL SERVICE.

(Associated Press Telegram)
Columbus, April 20.—Whether members of the state board of film censors are under civil service and must be appointed from certified lists, is the question put up to Attorney General T. S. Hogan today by Wallace D. Yapple, chairman of the state industrial commission preceding the appointment of an additional member of the censor board. The new member will be selected by the industrial commission as soon as the attorney general has given an opinion.

Chairman Yapple's action follows the refusal of the United States supreme court at Washington Saturday to grant a temporary order restraining the industrial commission from enforcing the film censor law. The order has been asked by the Mutual film company of Cleveland.

GENERAL SAFETY COMMITTEE OF B. & O. MET HERE

The general safety committee of the entire Baltimore and Ohio system from Baltimore, Md., was in Newark, Monday and several meetings were held during the day. The committee consists of Major J. G. Pangborn, chairman; E. R. Scovill, John Hass, W. M. Bond, Dr. E. M. Parlett, J. T. Campbell and D. C. Craig.

The purpose of the visit to Newark is to get into closer touch with the men in the ranks so that the sentiment of "safety first" can be created and further fostered over every mile of track belonging to this vast system.

This morning a meeting was held in the shops, attended by over 600 men, which was addressed by John Hass, and another meeting was addressed at the freight station by Mr. Campbell.

In the afternoon at the club rooms in South First street a large meeting was held and the men talked informally with the members of the committee.

CHILD'S EAR NEARLY SEVERED BY FALL WHILE AT PLAY.

While playing in the back yard on Sunday morning, Marguerite, the little daughter of Mr. and Mrs. George Wagenheim of Clinton street fell and nearly severed her right ear.

The child who is but two years old, had been busy around the yard when her screams startled her parents who ran to find her near the cellar door. It is not known how he accident happened but it is thought she tripped and fell catching the ear on a projection on the cellar door. Dr. C. F. Legge was called and it required four stitches to close the wound. She is resting comfortably today.

INSURANCE RATES CAN BE REQUESTED BY STATE, SAYS COURT.

(Associated Press Telegram)
Washington, April 20.—The right of the state to regulate insurance rates was settled once and for all today by the Supreme court upholding as constitutional the Kansas fire insurance law of 1909.

POLITICAL ANNOUNCEMENT.

I have stood by President Wilson in all administration measures and invite you to investigate my record. If it meets your approval I will appreciate both your influence and vote for Representative in Congress for the 17th District in the Democratic ticket at the primary August 11th. My plurality in the old 17th District in 1906, was 485; in 1908, 1713; in 1910, 10934 and in 1912, 19,752.

Chicago Markets.

Chicago, April 20—Because of	
war talk and the cold weather, there	
was a general scramble today to buy	
wheat. Offers were rather limited	
and a decided advance in prices	
took place. Nebraska reports of the	
worst dust storm in years tended	
further to hamper the bears. Open-	
ing quotations were 1/4 to 3/4	
higher, and the market hardened	
still more, but then reacted to slight-	
ly below the initial level.	
Corn rose with wheat. Commis-	
sion house had plentiful buying	
orders, and there were signs that	
the market had been considerably over-	
sold. Prices started a shade to 3/4	
higher, and steadied about	
midway between the extremes of the	
opening range.	
Traders in oats governed them-	
selves by the action of other grain	
business on the resulting advance was	
quite active.	
Provisions were handicapped by	
a decline in the hog market and	
seemed inclined to waver. First	
sales varied from 2 1/2 to 5 lower to	
rise of 2, with later transactions	
showing no radical change.

fractionally in London, which tended to depress this market.

Most of the active stocks were forced down about a point on active sellings during the first fifteen minutes.

The market met with good support on the decline, and prices quickly hardened, with full recoveries in some cases. Oil stocks were especially heavy.

EARLY MORNING BULLETINS

Washington, April 20.—Secretary Tumulty announced just before 11 o'clock that President Wilson had instructed him over the long distance telephone to call a special meeting of the cabinet for 10:30 o'clock this morning.

Mr. Tumulty announced that the president was preparing to deliver a special message to congress today and that a joint session would be held at the earliest hour the congressional leaders could arrange for it, probably 3 o'clock.

"The matter is closed," said Mr. Tumulty. Huerta, he added, had asked for no continuation of the negotiations, and refused flatly to accede to what he called the demand for an "unconditional" salute.

Washington, April 20.—General Victoriano Huerta, provisional president of Mexico, flatly refused Sunday night to accede to the unconditional demands of the United States that he salute the American flag, and congress will be asked by President Wilson today for authority to use armed forces to uphold the honor and dignity of the nation.

Negotiations with Huerta over the demand for a salute in reparation for the arrest of the American bluejackets at Tampico on April 10 came to a close Sunday night at 6 o'clock, the last hour given by President Wilson for a favorable response from the Mexican dictator. The final word of Huerta to Charge O'Shaughnessy was a refusal to comply unless the United States would guarantee in writing that his salute be returned.

President Wilson at midnight left White Sulphur Springs and came to Washington this morning preparing to read a message to congress in joint session as early as it can be arranged today. In the meantime American war fleets are moving down both coasts on their way to carry out the president's plan for reprisals.

The crisis thus reached does not mean that there will be a formal declaration of war, because the United States could not declare war against a government which it does not recognize. President Wilson will seek authority, however, to send the armed forces into Mexico to seize first the ports of Tampico and Vera Cruz and the railroad trestle leading from Vera Cruz toward Mexico City.

The President directed that a cabinet meeting be called for 10:30 o'clock this morning, when the final arrangements for a Pacific blockade of Mexican ports and other steps in the President's program will be deliberated.

The League that finally has come with Mexico will make it impossible, it is declared on high authority, for the United States to further protect foreigners in that republic and foreign governments have been notified of the situation in this regard.

The President, it is declared, not only will ask congress for authority to use the armed forces to uphold the honor of the nation, but also for an appropriation, a deficiency already having been created by expensive operations in anticipation of Huerta's defiance of this government.

The President probably will ask further that the Senate pass the volunteer act which already has passed the House, providing for pressing into regular service the militia regiments in the various states.

In preparation for the crisis that must be met Senator Shively chairman of the Senate foreign relations committee, and Representative Flood, chairman of the foreign affairs committee, called meetings of these committees for this morning. Representative Flood, who is on his honeymoon, telephoned from New York that he would return at once.

CHARGE O'SHAUGHNESSY COVERS WITH ROJAS

Washington, April 20.—At a late hour last night, the Mexican crisis still hung in the balance.

Charge O'Shaughnessy reported that he had had a conference with Foreign Minister Rojas at 5 p. m. (Mexico City time) and expected to return to the foreign office at 6 p. m. to get Huerta's final answer. Officials described the Charge's report of the 5 o'clock conference as not very favorable. A report on his later conference was awaited.

Charge O'Shaughnessy reported that he had detailed the last message from Secretary Bryan to Foreign Minister Rojas at 4 p. m. Senator Rojas told the Charge that he would confer with General Huerta later.

When all of the Charge's messages had been received, Secretary Daniels and Secretary Tumulty went to confer with Secretary Bryan. They absolutely refused to comment. Other officials interpreted the situation as unfavorable.

Charge O'Shaughnessy's report on the 6 o'clock conference came just before Secretary Daniels and Mr. Tumulty started for Secretary Bryan's home and they took that with them. Secretary Daniels said: "We have got the message." They would not comment, but looked very grave.

At 9:40 o'clock those officials who had seen as much of the dispatches as had been received said their tenor did not seem to be favorable.

SCENES OF ACTIVITY AT NATION'S CAPITAL

Washington, April 20.—Scenes about the state and navy departments during the day were reminiscent of the days immediately preceding the Spanish-American war. The telegraph rooms were fully manned and over in the naval annex building the general board was in secret session a part of the day. Headed by Admiral Dewey there were gathered around the long table Rear Admirals Southerland and Fiske, and Captains Winterhalter, the aid for material: Knapp, Hood, Shoemaker and Oliver, director of naval intelligence, and Commander Campbell, secretary of the board. The board was engaged in going over the latest dispatches received by wireless from Rear Admiral Badger, on the Arkansas, now in the Florida straits; Rear Admiral Fletcher at Vera Cruz, and Rear Admiral Mayo at Tampico.

Never was there a more vivid illustration of the march of scientific

invention as applied to warfare than the facility with which these ranking admirals and captains, engaged in plotting out the strategy of a possible war, were able to keep in touch with the developments at every point, where an American warship is lying. Some of the men engaged in this task had fresh in mind the painful experiences of the old naval strategy board which in the spring of 1898, 16 years ago, was despairingly trying to get in touch with Sampson and Schley, commanding the two fleets which, excepting Dewey's own Philippine Squadron, represented all of the American naval strength of that day.

Generally the Mexican plan covers elementary problems, such as the simultaneous establishment of an efficient blockade, which the rather extensive coast line of Mexico would make no small task. Next in order comes the seizure of certain ports, and this is where the painstaking and exhaustive drills of the marine regiments last fall and winter are expected to find their application.

The whole modern American theory of advance base operations, with the marines as an active force, was planned to meet just such emergencies as the rapid seizure of a port in a hostile country to form a base, to be held for the arrival of an army of occupation. About the only other feature of naval activity, in the beginning of hostile operations, at least, would be the dispatch inland of an expeditionary force to hold some of the important strategic ports, such as the great trestle on the Vera Cruz-Mexico City railroad, supposed to be the key to the possession of that road. And with the fifteen thousand or more men in his fleet, Admiral Badger could spare a force ample for that purpose.

Later in the day, and after the adjournment of the general board meeting, Rear Admirals Blue and Fiske went to the navy department building and awaited the return of Secretary Daniels, who had been out of town. They spent the time in awaiting the receipt of some of the dispatches from the fleet and the only order that issued from the department during the forenoon was that sent to Pensacola instructing Commander Sims to fall in line behind the fleet with his flotilla of torpedo boat destroyers, 14 in number, and the flagship cruiser Birmingham and tender Dixie.

News from Mexico was awaited by the people of the capital with the keenest interest. All through the evening the streets were thronged, and crowds gathered in front of the newspaper offices.

In the hotel lobbies the crisis was

the one topic of conversation, and some of the crowds, inspired by the playing of "The Star Spangled Banner" and "America," engaged in patriotic demonstrations.

Sensors and representatives, anxious to receive some official word, besieged the White House and the state and navy departments with requests for information.

Secretary Daniels returned to Washington about 5 o'clock from Cleveland and went directly to the navy department. After a short conference with Admirals Blue and Fiske and a scanning of the dispatches that had been received in his absence, the secretary settled down to await results of the ultimatum.

Why Are You So Tired?

The Weather Is Not To Blame for That "Dragged Out" Feeling.

"This weather simply takes the life right out of me, I can hardly drag one foot after the other," said a run-down, tired-out woman, the other day.

We want to say to each such person in this vicinity. Don't blame the weather, it's your condition. You need a strengthening tonic and the very best we know is Vinol which is a combination of the two most world-famed tonics, namely, the medicinal, curative elements of cod liver oil and tonic iron, for the blood.

A case has just come to our attention from Milford, Mich. "Mrs. Julia Barber says: 'I was run-down and hardly able to drag about; my appetite was poor and I was not able to work. My druggist asked me to try Vinol. The first bottle helped me and after taking the second bottle I was able to work and felt well and strong. Vinol is the best medicine I have ever taken.'"

Try a bottle of Vinol with the understanding that your money will be refunded if it does not help you. Frank D. Hall, Druggist, Newark, O. P. S. Our Saxo Salve stops itching and begins healing at once.

MAY PROVE FATAL

When Will Newark People Learn The Importance of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow; That dropsy or Bright's disease may be the fatal end.

You will be glad to know the following experience: "This is the honest statement of a resident of this locality.

T. B. Smouse, engineer, R. F. D. 2, Hebron, Ohio, says: "The constant jarring I received and exposure to bad weather in my work, affected my kidneys and caused my back to get very weak. Doan's Kidney Pills soon benefited me, and I have always kept a supply on hand since."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills—the same that Mr. Smouse had. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

TEETH AND HEALTH

"Children demand a new kind of dentistry," declared a school nurse to a mother.

"What is the difference between the new kind and the old kind?" asked the mother.

"The difference between this new kind of dental treatment and the old is this: The old kind repaired decayed teeth, while the new kind prevents tooth decay. It cures dental diseases before they begin. This does away with the pain and pounding anesthetics and chemical antiseptics, gold caps and gold plates. In fact, Preventive Dentistry is the name that describes it best."

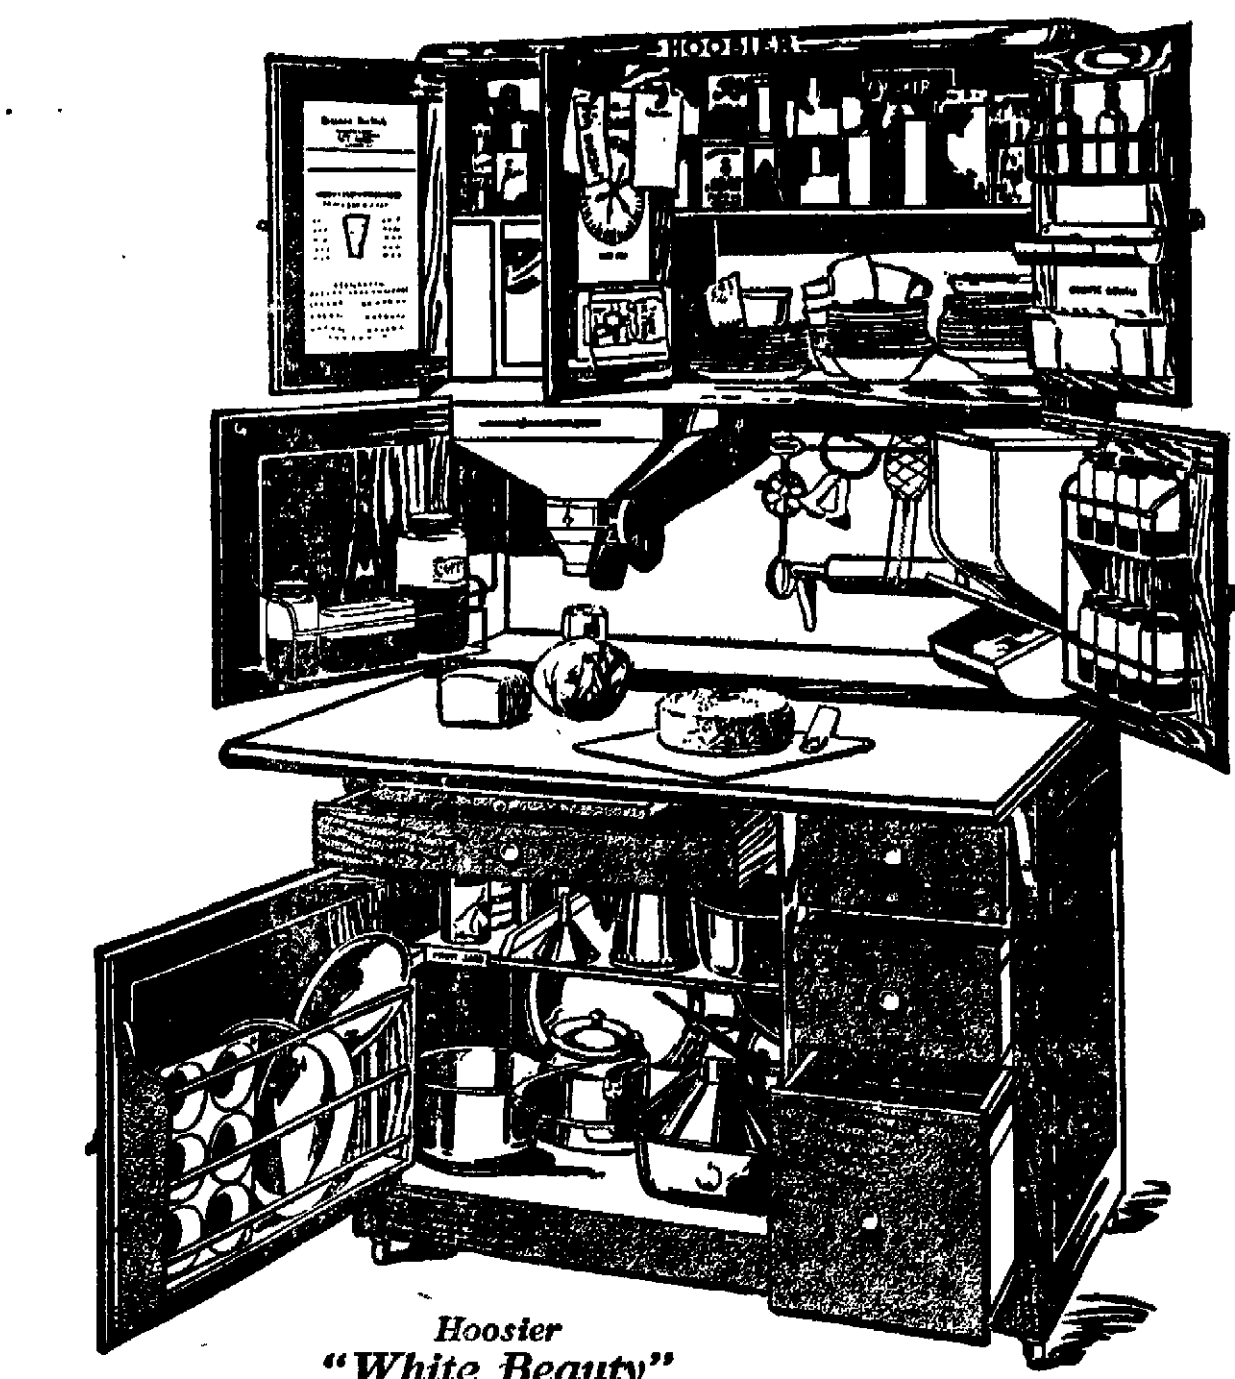

"To whom will I go for this Preventive Dentistry?"

"Anyone may practice it, without a college training, a diploma or an elaborate set of instruments. Because, simply, it is building and continuing a habit. And this habit is catching."

"What is the habit?"

"It is the habit of keeping the teeth clean." The nurse then continued with emphasis: "The most wonderful event in a baby's life is the entrance of the first tooth. No event thereafter excites so much admiration or so much interest. Were one-half the admiring interest bestowed on that first tooth worked up into practical tooth and mouth sanitation, four-fifths of the dental diseases would be prevented. Were you to keep your child's mouth clean from birth, washing it as often as the face, wiping its gums with linen gauze wrapped around your finger and dipped in lime water or lemon juice one part and water five parts, you would save your child and yourself a great deal of future trouble."

Why Not Decide This Tomorrow—Once for All?

1. Do you want this NEW HOOSIER put into your Home, NOW for only \$1.00?
2. Or will you wait and miss the benefits of the liberal HOOSIER PLAN?

No matter what your income—whether your husband makes \$500 a year or \$5,000, this new Hoosier Cabinet can help you so much in your kitchen work that purchasing it now will be a big economy.

It Saves Steps It Saves Time It Saves Health It Saves Money It Saves Good Looks

The end of this great opportunity may come sooner than we expected. Scores have stood in front of our window and admired "White Beauty" shown there. Many have already enrolled on the HOOSIER PLAN, which is as follows:

1. \$1 puts the Hoosier you select in your home.
2. \$1 weekly quickly pays for it.
3. The Low Cash Price fixed by the factory prevails strictly.

4. The sale is under the direct supervision of the Hoosier Company.
5. No interest, no extra fees.
6. Your money back if you are not delighted with your Hoosier.

THE NEW HOOSIER CABINET at the present low cash price, on this plan, is a wonderful value. This great offer naturally must be limited to a few cabinets. When these are taken the sale closes. You will then have to pay regular terms as for all other furniture.

Your problem is simply this: Tomorrow you can examine at your leisure "White Beauty" and the other Hoosiers with "Oak" inside. You do not obligate yourself in any way. You can then decide at once and use your Hoosier tomorrow or later, as you choose.

Will you grasp this opportunity and come tomorrow? Or will you delay and risk coming too late?

Hypnotist This Week. Starting Tuesday evening Dr. Flint, famous hypnotist, will appear at the Auditorium for five nights. He is known the world over as the most successful exponent of this science. Hypnotism in reality is mental suggestion, and has been endorsed by many physicians, as a great help to the profession. It was thought for a long time, that anyone who could be hypnotized easily was feeble minded. On the contrary it denotes power of concentration, and usually gives the same person the power over others.

Dr. Flint will put a man to sleep for 24 hours or 48 hours, but he does something more marvelous. A man will be placed in one of the windows around town. He will, every 15 minutes, awaken and point at one of the things outside. The person to whom he picks out receives a complimentary ticket for that night. If one can attract his attention between these periods

or make him smile will receive ten free tickets.

Smart Set Tonight.

An event in local theatricals will be the appearance of "The Smart Set" company, which will present a brand new musical comedy, "The Wrong Mr. President" at the Auditorium theater tonight. This meritorious entertainment, which never failed to please in the past, is guaranteed to duplicate its former success and uphold the standard it has always held. Headed by Ethiopia's favorite comedian, Salem Tutt Whitney, who will as usual be assisted by Homer Tutt and Blanche Thompson and surrounded by one of the very best singing and dancing choruses in America, a bright, snappy, absolutely clean performance is guaranteed and with the assurance that everything is new this season it is advisable to secure seats well in advance.

The book and lyrics of this season's production are by Whitney, himself, and the music and choral arrangements are by T. L. Corwell, who has an enviable reputation in this line of work.

You can never tell. Many a shallow mind has been concealed behind a deep voice.

THE "PRUDENT MAN" SEES THAT HIS SON HAS A BANK ACCOUNT

This would be a more properous community if every father in it would say to his boy: "Son, start a bank account this very week and every dollar you save and put in the bank I'll give you another dollar to put in the bank with it"—and if everybody would have SENSE enough to do it.

PRESBYTERY MEETS MONDAY AT ZANESVILLE

The spring meeting of the Zanesville Presbytery convened Monday afternoon in Brighton Presbyterian church, Zanesville. Rev. Don D. Tuill of Newark will deliver an address Tuesday evening before the meeting of the missionary branch of the churches of the district.

Included in the business to come before the meeting will be the election of a moderator to succeed J. W. Myers of Mt. Zion, whose term expires. A visit to the new Central Presbyterian church is one of the features for the entertainment of delegates.

The Tuesday evening service will close the meeting.

"HARVESTER" WINDOW AT A. L. NORTON'S

Of all the unique and beautiful window displays, the one in the Arcade window of Norton's Book Store, advertising the Harvester has 'em all beat. It has attracted many hundreds of people and very few but who must feel a desire to read the book which inspired such an artistic reproduction as is seen in this window.

It represents a woodland scene with the real green grass sod moss

logs, blooming flowers, palms, etc.—a rustic table and seat completing the effect. The final touch is the "Harvester" most cleverly represented by Mr. Herman Dickson seated at the table reading the fascinating story "The Harvester" by Gene Stratton Porter.

If you have not yet seen this window—make it a point to do so. A fine compliment was paid Mr. Norton by Mr. Hewitt representing the R. G. McClure Co., one of the biggest book-keepers & stationers in the country, who says that, without any exception, this Harvester window of Mr. Norton's is the cleverest book window he has ever seen.

Two of the big prizes in the Advocate's Booklover's Contest are purchased from the Norton Book Store. Prize No. 17 is a \$35.00 set of books, and prize No. 27 is a \$27.50 set of books.

These will be standard books beautifully bound and will be a splendid addition to any one's library.

BENEFIT CONCERT TONIGHT BY CHOIR OF SECOND CHURCH.

Under direction of Miss Florence King, choir director of the Second Presbyterian church, a chorus of twelve voices will give the beautiful cantata, "Esther," Monday night at 8 o'clock in the Second Presbyterian church, as a benefit for Mr. Will H. Reynolds, who has been compelled to retire from his activity in local musical circles, at least temporarily, on account of his health. Many tickets have been sold and the merit of the program is assured to be deserving of large attendance.

FIVE KILLED, SCORE HURT AT SAGINAW

(Associated Press Telegram)

Saginaw, Mich., April 20.—Five persons were killed and a score injured, several of them seriously, late Sunday night, when a street car split a switch at a street intersection, turned over on its side and crashed into an iron pole.

The dead are: Fletcher Smith, 65, a druggist. Miss Ethel Estelle. Miss Elsie Boom.

Two-year-old daughter of Mr. and Mrs. Wm. Golden. Motorman Brown.

The most dangerously hurt are Mrs. John Gilmore and Mrs. W. W. Vanburin, both of whom, physicians say, probably will not recover.

There were more than 75 passengers on the car, which was running at a rapid rate of speed when it left the rails. It was practically demolished by the impact, and those injured were severely cut by flying glass and splintering wood.

CONGRESS IS CONFRONTED BY MUCH BUSINESS

(Associated Press Telegram)

Washington, April 20.—While development in the Mexican situation overshadows everything else in Washington, a wealth of legislative business confronts both branches of congress this week.

In the senate the hearings before the committee on interoceanic canals on the president's Panama canal tolls legislation repeal bill will continue. Commercial opposition to the repeal will occupy the greater part of the remainder of the hearings, which will close April 24. Representatives of organizations from cities on the seaboard will be heard among them commercial men from San Francisco, Seattle, and New Orleans. Immediately upon the closing of hearings on the bills, the committee will begin deliberations on the measure with a view to placing it formally before the Senate as quickly as possible.

The president's anti-trust program will receive attention on both sides of the capital during the week. A sub-committee of the Senate interstate committee hopes to place the combination trust bill framed in administration conferences before the full committee during the week. The house judiciary committee will continue its deliberations, on the same measure and Chairman Clayton said today that he hoped to take the bill into the House practically unchanged by the end of the week. Other members of the committee said, however, that the report would be delayed.

The House committee which is investigating conditions in the Colorado coal field, probably will conclude its hearings this week.

"Mother" Jones, who led the strikers in the field, and who was several times forcibly ejected from the strike zone is on her way to Washington to appear before the committee.

SEN. POMERENE WILL SUPPORT PRES. WILSON

(Associated Press Telegram)

Canton, April 20.—A long bloody strife and a tremendous governmental expense in money will follow intervention in Mexico, according to an opinion given by Senator Atlee Pomerene in an interview, at his home here Sunday afternoon. However, he declared, he was wholehearted with the President in refusing to quibble further with Huerta and would vote to support the administration in any action suggested to congress.

Mr. Pomerene characterized Huerta as a "usurper, a moral degenerate and a drunkard."

"On the Panama tolls question," the senator continued, "the enemies of the administration are also attacking a policy, the advisability of which cannot be questioned for a minute by any long headed man. Nine tenths of the people of Ohio are with the President on this tolls question, yet a few men would have us understand that the majority of the people are for free tolls for American vessels."

"The first serious mistake in the handling of the Mexican situation," he said, "was when President Taft placed an embargo on arms during the Madero insurrection. That embargo should never have been placed. President Wilson was right in removing it, but the trouble had been started."

LOWRY SCHOOL REFORM BILL EXAMINATIONS

(Associated Press Telegram)

Columbus, April 20.—Perhaps the most important state civil service examinations conducted are those to be held Friday and Saturday for normal school supervisors, one full time high school supervisor, and six half time school inspectors. Members of the civil service commission announced last night. The normal school supervisor's salary is \$2,000, that of the full time high school supervisor \$2,000. The half time inspectors receive \$1,000.

The first examinations to be held under the Lowry school reform law enacted at the special session of the legislature. The appointments will be made by the state superintendent of public instruction from eligible lists presented by the civil service commission.

PENNSYLVANIA CONDUCTOR IS BADLY INJURED

Mt. Vernon, April 20.—John Lowther, conductor of a construction train on the C. A. & C. division of the Pennsylvania road, was dangerously injured here, when he was caught between a heavy crane on the construction train and the iron work of a bridge. The muscles of his right thigh were torn from hip to knee, exposing the arteries and the bone. Ten yards of caught were used by surgeons in suturing the wounds. Lowther resides at Orrville. He is in a Mt. Vernon hospital in this city.

STRANGE DOG CAUSES PANIC IN CLINTON ST.

A small wooly dog, antecedents or owner unknown, caused a mild panic in a Clinton street home about 3 o'clock Saturday afternoon, when it rushed into the house, ran madly about the room, attempted to climb the lace curtains and do other impossible stunts. The women, frightened by the animal's actions, ran to the warehouse of George Bader, the brewery agent, and asked for help. Unfortunately none of the men employed about the place had a weapon handy and a call was sent to police headquarters. Patrolman Hubbaugh was sent post-haste to the Clinton street home, where he killed the dog with a revolver shot.

One of the women was bitten slightly on the hand by the dog, but the skin was not broken and no serious results are anticipated. Whether the dog was suffering from rabies or some less serious illness was not determined.

BUCKEYE LAKE WAS MECCA FOR SUNDAY CROWDS

A large crowd was at Buckeye Lake Sunday in spite of the rain, and the water was dotted with craft, anglers trying for the big-mouthed bass, as it was a little rough for Lake Eries or sunfish. Quite a few catches were reported, and after the sun came out in the afternoon the small fish began biting.

The cars from Columbus and Newark were well patronized and many enjoyed a dinner at the several hotels that are now open for spring, as they are well patronized by the sportsmen who enjoy the early fishing.

Cottagers are busy overhauling their summer homes and painting their boats. The park these days presents a scene of activity, scores of carpenters, painters and laborers being employed in overhauling the hotels and various dancing pavilions and concession buildings.

Manager Will D. Harris of the Buckeye Lake Park, is making some splendid improvements, chief of which is the enlarging of the dancing pavilion and the rearranging of Hotel Harris.

Landlord Glass of the Glass Hotel is also enlarging his dancing pavilion and will extend it out into the lake. He will also add an addition to the hotel and build onto the porch.

The hotel at Bruno has been entirely remodeled, every room being newly papered and painted. A new dancing pavilion is being built which will be extended into the lake. The park adjacent to the hotel is being cleaned up and concession stands erected. The proprietors expect to employ an excursion agent and cater to summer visitors.

It is predicted that more business will be done at the lake this season than for a number of years past.

WIND STORM RAZES POLES WEST OF CITY

A storm of wind and rain Saturday afternoon at 5:30, accompanied by an electrical display of considerable magnitude, caused more or less damage, particularly in the western part of the city, where the velocity of the wind reached the proportions of a small tornado. Twenty or twenty-five trolley and telephone poles were blown down between Sixteenth street and the Country Club grounds, where the fury of the storm seemed to be the greatest.

The storm came up suddenly out of the southwest and it was preceded by a heavy play of lightning. As far as is known, the lightning did no serious damage.

There was little damage done to property in the city proper. The storm lasted but a quarter of an hour.

BOTHERED BY CATARRH, BRONCHITIS, ASTHMA, HEAD OR CHEST COLDS

Try the New External Treatment—Relieves by Inhalation and Absorption No Stomach Dosing.

For years we have been dosing ourselves to cure cold troubles despite the fact that vapor treatments are quicker and do not disturb the stomach. The trouble has been that the old methods of administering these vapors such as vapor lamps, etc., were very cumbersome. Vick's "Vap-O-Rub" Croup and Pneumonia Salve contains Menthol, Thymol, Eucalyptol, Camphor, and Pine Tar, combined by a special process, so that they are vaporized when Vick's is applied to the heat of the body. These vapors open the air passages, loosen the phlegm, and heal the inflamed mucous membrane.

For Catarrh and Head Colds melt a little in a spoon and inhale the vapors. Also apply well up the nostrils. For Asthma and Hay Fever follow the above instructions and also rub well over the spinal column, thus relaxing the nervous tension. For Bronchitis, Sore Throat, and deep chest colds, apply well over chest and throat, first opening the pores by applications of hot wet towels. Then cover with a warm flannel cloth, leaving the covering loose around the neck so the vapors arising may be inhaled all night long. In addition Vick's is absorbed through the pores taking out the tightness and soreness. Three sizes—25, 50c and \$1.00.

Mexico Has Yielded As Much As Dignity Permits, Declares Foreign Minister Rojas

(Associated Press Telegram) Mexico City, April 20.—The Mexican foreign minister, Senor Portillo Y. Rojas, announced last night that it would be impossible to agree to the demand of the United States that the flag of the country be unconditionally saluted because that flag was not insulted, because it was not flying before the launch and because the marines were set free even before an investigation and the officer responsible for the arrests was himself arrested and held for trial.

The foreign minister further announced that the Mexican government would agree that both flags be

saluted. The American flag first and then the Mexican flag, this arrangement to be made by a protocol signed by the American Charge d'Affaires, Nelson O'Shaughnessy, and the Mexican foreign minister.

The United States government, Senor Portillo declared, had refused permission to Charge O'Shaughnessy to sign such a protocol, then demanded an unconditional salute by Mexico, which Mexico felt was incompatible with her dignity. In conclusion the foreign minister said: "Mexico has yielded as much as her dignity will permit. Mexico trusts to the fair mindedness and spirit of justice of the American people."

NEWARK ASTIR OVER SPANISH WAR APR. '98 22,775 MEN NOW ON WAY TO MEXICO

PRESENT EVENTS RECALL DAYS OF EXCITEMENT JUST 16 YEARS AGO.

Company G and Battery G of This City Both Called To Arms By Spanish War.

Sixteen years ago, almost to the day, Newark was astir with the excitement of the impending struggle between the United States and Spain—the struggle which was precipitated by the destruction of the battleship Maine in Havana harbor. Sixteen years and three days ago, Newark's Company G, of the Seventeenth regiment, O. N. G., received orders to assemble for movement on orders from Columbus.

It was a time of thrills and excitement. At 9:15 on the night of April 23, 1898, Lieutenant Carl Allen received a message from Col. A. L. Hamilton, commandant of the regiment, to assemble his command at the armory and await further orders. The news brought a great cheer from the throats of the 75 "boys in blue," who stood waiting, while they thrilled with enthusiasm over the prospects of plenty of action.

At 11 p. m. the bell at fire headquarters carried out the pre-arranged program and tolled ten strokes, repeating at intervals.

On the same date Capt. William C. Miller, in command of Battery G, First regiment, Light Artillery, was ordered to aid in assembling his men as rapidly as possible, to await further call from his superior officers.

At 8 o'clock Monday morning, two days later, the day war with Spain was actually declared, the troops assembled at the armory. For a time it was reported the state troops would have mobilization headquarters on the state encampment grounds here, but this arrangement was changed at the last moment in favor of Columbus, much to the dislike of Newark people.

From Saturday until Monday afternoon the company had added 30 recruits. Every spare moment was spent in drilling the "raw" men. The command consisted of Captain Elmer Blizard, First Lieutenant Carl Allen, Second Lieutenant G. C. Crawford, First Sergeant Charles C. Hamilton, Sergeant George M. Henry, Sergeant Charles C. Petrey, Sergeant Charles F. Walton, Corporal Edward R. McFarland, Corporal Geo. D'edim, Corporal George E. Roe, Corporal W. H. T. Hyder, Corporal Sylvester Beadle and Corporal John V. Scott.

On Monday the soldiers started away. It recalled the days of '61. Intense excitement prevailed. Fire alarms were sounded, hurrying, scurrying throngs crowded the streets, and here and there were marching soldiers preparing for the farewell parade to the Pennsylvania station, where the company took trains for Columbus, from where later it was transferred to centralization camp in Chickamauga, Tenn.

Flags were waving. The "battleship," "Remember the Maine" was shouted along the line of march, bouquets of flowers adorned the marchers and were thrown in their path as they passed on their way to the station to the stirring music of the band, while tears and cheers mingled to bid the "boys" adieu and God-speed.

It is not unlikely that Newark is facing a repetition of the scenes of sixteen years ago.

The militiamen are anxious awaiting the call to arms. Many with families of their own, wives and children, are anticipating the order that has been more or less expected for the past four years, in fact ever since the Mexican turmoil began, to involve American rights and property.

CANNOT AFFORD TO JOIN HUERTA.

(Associated Press Telegram) Ariz. NAVY DEPARTMENT GIVES OUT A LIST OF UNCLE SAM'S FORCE.

In All 17,950 Sailors, 3,970 Marines and 455 Officers in United States Uniforms.

(Associated Press Telegram) Washington, April 20.—Officials of the navy department say that there are now in Mexican waters or enroute by the east and west coasts, 17,950 sailors, 3,970 marines and 855 officers. Of this number, 14,170 sailors, 2,990 marines and 700 officers are in the Gulf of Mexico, while off Pacific Mexican ports or enroute there are 3,530 sailors, 980 marines and 140 officers. The force includes:

At Vera Cruz—Two battleships, 1,820 men, 120 marines. Prairie, 620 men, 500 marines.

LONDON TIMES COMMENTS ON SITUATION

(Associated Press Telegram) London, April 20.—The Times, commenting on the Mexican situation says:

"President Wilson has decided to act in the spirit of General Scott's orders at Vera Cruz in 1846: 'When dealing with Mexican commands, never argue.' Our Washington correspondent makes it clear that both congress and public opinion are behind the president and that intervention is inevitable sooner or later."

"We can well understand that no American contemplates it with anything but the most profound reluctance and a lively sense of the many and anxious responsibilities and entanglements it must bring upon his country."

Congress to Follow President's Wishes Say the Leaders

(Associated Press Telegram) Washington, April 20.—Congressional leaders are busy studying precedents for the resolution which will confer plenty war powers on the president. The measure probably will follow, to some extent, the war resolution which became effective April 20, 1898, against Spain. That resolution, after stating the conditions of Cuba and the destruction of the battleship Maine, recognized the independence of Cuba and called upon Spain to withdraw its forces from the islands. The resolution then proceeded to "empower and direct" the president to "use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such an extent as may be necessary to carry these resolutions into effect."

The form and substance of the resolution to be presented in the event of a movement against Huerta, however, will depend largely upon President Wilson's wishes. He is expected to at least ask for power to order a blockade of Mexican ports.

CO. G. BOYS ARE READY FOR SERVICE

LOCAL NATIONAL GUARD ORGANIZATION COULD TAKE FIELD IN 24 HOURS.

Capt. Priest Has 50 Men In Command and War Strength of 108 Men Could Be Reached in Few Days.

For more than three years Company G, Fourth Regiment, O. N. G., the Newark military organization, has been in preparation for mobilization orders on twenty-four hours' notice, in compliance with instructions issued from the office of the state adjutant general, in Columbus, which from time to time have been supplemented as the present crisis appeared more and more inevitable.

Capt. C. V. Priest, in command, stated last night that the organization is in excellent condition should a call be issued, which may now be expected momentarily.

The company is recruiting for full military strength. There are at present fifty enlisted men on the roll. It is the belief of commanders that the company can be recruited to full war strength of 108 men in two days' time.

Instructions to call for recruits

have not yet been issued specially, but such a call may be expected at any time.

Captain Priest is assisted in command by First Lieutenant-elect C. R. Stauffer, recently advanced from second lieutenant but who has not yet been installed as second in command. The company includes several men who have served considerable time, and with the regular weekly drills, is said to be in splendid condition for a long camp, and, if necessary, active fighting.

It is held doubtful, however, that the national guard upon for anything other than border patrol and reserve action by way of the Texas border.

In event of an order to join other units in a mobilization camp, or at Camp Porter, a sufficient number of men to allow the company to remain in mobilization camp for six weeks before proceeding to a regular training camp, he in some cases access by a few hours' train to the border territory.

Members of the company are all said to be eager for orders, and the last night the company would be recruited to full strength in anticipation of further orders from the adjutant general.

MUCH INTEREST IN THE MEXICAN SITUATION HERE

HUERTA'S REFUSAL TO SALUTE AMERICAN FLAG WAS NO SURPRISE.

Splendid Service of Associated Press Kept Newark People Fully Advised.

As Saturday's press dispatches stated that President Wilson had given General Huerta until 6 o'clock Sunday evening to salute the American flag or take the consequences, the Mexican situation was the sole topic of discussion Sunday. The great and widespread interest in the Mexican news was indicated by crowds that stood about the bulletin boards and by the hundreds of telephone calls received at the Advocate office.

A sigh of relief went up Sunday night when a bulletin was posted at another office, saying that Huerta had saluted the flag but the message was evidently a "grapevine" as the bulletin was not permitted to stand more than a few minutes. It was significant that it was posted about that hour in the evening when direct and definite news was expected. If the guess had happened to be

correct—well it wasn't correct.

Expressions heard everywhere Sunday were to the effect that Huerta would not comply with the president's demand and it was pointed out that the wily dictator had everything to gain and little to lose by such a course. It was agreed that Huerta preferred to fall into Uncle Sam's hands rather than meet defeat from Villa, the latter meaning the loss of position, fortune and perhaps life itself.

How does the dictator pronounce his name? One may hear it called Hew-erta, Hoo-erta, Warta or Whu-erta. The latter spelling is said to most nearly represent the right pronunciation, with accent upon the last syllable and the "er" pronounced much like "air."

All day Sunday the Advocate received Associated Press dispatches telling of the situation and this newspaper was the first to post the official announcement from Charge O'Shaughnessy that Huerta had declined to comply with the American demand thus bringing this country face to face with another Mexican war.

CONFERENCE BETWEEN VILLA AND CARRANZA

Matters of Great Importance Will Be Discussed at Today's Meeting in Chihuahua.

(Associated Press Telegram) Juarez, Mex., April 20.—Matters of the greatest importance will be discussed at Chihuahua today, it is said, if General Villa, as expected, arrives there for the first of a series of interviews with General Carranza. Whether Huerta salutes the American flag or not, the Tampico incident will come in for the gravest consideration, for rebel leaders declare their belief that Huerta would not hesitate to bring about a foreign war if by so doing he hoped to unite the country.

Finances, foreign relations, civil appointments and details of further campaigns are other subjects which will be thrashed out. All cabinet members except Secretary Zubaran of the interior department, it is reported, will be present. Zubaran and Roberto V. Pesquera, confidential agent of the Constitutionalists in El Paso, will be present on Tuesday.

Gen. Huerta's Request Is Unjustifiable

As His Arrest of United States' Sailors at Tampico

NOW UP TO CONGRESS

Secretary Bryan Cables Mr. O'Shaughnessy to Advise All Americans to Leave Mexico Until Order is Again Restored.

WASHINGTON, April 20.—Secretary of State Bryan issued the following statement this morning:

"A little after 11 o'clock last night a brief dispatch came from Charge O'Shaughnessy at Mexico City, saying that the President's demand had been communicated to the foreign minister and was being carried by him to General Huerta. The foreign minister asked O'Shaughnessy whether in case General Huerta acceded to the demand, a protocol would be signed providing for a return of the salute. The following despatch was sent to Charge O'Shaughnessy:

"President Wilson is out of the city. Impossible to reach him before eight a. m. tomorrow. Am certain that he would not consent to have you sign the protocol mentioned in your telegram. The salute should be fired without any agreement as to the return of the salute. The United States of America can be relied upon, according to international custom, and courtesy, to do its duty. The signing of the protocol would be objectionable, in addition to other reasons, because of the fact that it might be construed as recognition of the Huerta government, whereas the president has no

intention of recognizing that government. "Early this morning a dispatch was received from Charge O'Shaughnessy saying that General Huerta was willing to accede to the demand of Admiral Mayo providing a protocol was signed and setting forth a copy of the proposed protocol. Charge O'Shaughnessy asked whether he was authorized to sign it. I communicated with President Wilson by telephone and at his direction sent a telegram to Mr. O'Shaughnessy of which the following is a paraphrase:

"Copy of your telegram of 8 p. m. last night was sent to the President with copy of my reply to the effect that a protocol would be objectionable. The president replied:

© 1913, by American Press Association.

SECRETARY BRYAN.

"Your reply to O'Shaughnessy is exactly what I should have wished it to be. If no case should any concession of any kind in detail or otherwise be made. I talked with the President over the telephone when your telegram of 11 a. m. last night was received to the effect that General Huerta had acceded to the demand but only on condition that you sign a protocol. He repeated most emphatically his objection to any protocol or agreement. He insists that the salute shall not be fired as a matter of contractor with any stipulation that it be returned by us. It must be fired in accordance with international custom as an apology for the insult offered. General Huerta must trust that the United States will live up to the requirements of international courtesy in returning his salute when it shall have been fired. The proposed protocol is especially objectionable for it is so phrased that General Huerta might construe it as recognizing his government, whereas the President has informed General Huerta and the foreign governments that General Huerta's government will not be recognized. General Huerta's acceptance of the demand of Admiral Mayo must be unconditional. The details can be arranged directly with Admiral Mayo after General Huerta announces that he will comply with the demand. Make it clear to General Huerta that further negotiations are unnecessary. It is expected that he accept at once in

order that the incident shall be closed.

"At nine o'clock a telegram was received from Charge O'Shaughnessy but it was not conclusive and stated that he would call at the foreign office at 6 o'clock for a final answer.

"At 10 o'clock a telegram of which the following is the substance, was received from Charge O'Shaughnessy conveying General Huerta's final refusal. This was communicated to the president immediately by telephone and he directed that a cabinet meeting be called for ten-thirty o'clock Monday morning.

"At 5:50 p. m. I called at the foreign office and was handed a note verbal by the minister for foreign affairs. The note states in substance that the government of Mexico is not disposed to accede to the unconditional demand of the government of the United States. It further states that the Mexican government was disposed to act according to the terms of the protocol which I have transmitted to you. I informed him that so far as this embassy is concerned the matter is closed and that I should immediately inform my government that General Huerta had definitely refused the demands of the government of the United States. A translation of the note will be cabled later.

"The president will arrive at Washington at eight o'clock this morning.

The White House later made public a paraphrase of Secretary Bryan's telegram to Charge O'Shaughnessy yesterday shortly after noon, directing the deliverance of President Wilson's ultimatum. It was in part as follows:

"Say to General Huerta in reply to yours of April 17th, that the President of the United States feels great disappointment at his failure to a prompt and willing reparation for insults which were offered American sailors at Tampico, the offense being still further aggravated by the subsequent arrest of a mail carrier of the United States at Vera Cruz. In the belief that General Huerta would or consideration accede to the most reasonable demands of Admiral Mayo, time has been given him. From your telegram it would seem that this government's forbearance has been misinterpreted. Under all the circumstances the request for a simultaneous salute is as unjustifiable as is the arrest of American sailors, and this makes it impossible for this government to consider further delay.

"You are instructed to inform General Huerta that unless he renounces his intention to comply with Admiral Mayo's demand by six o'clock p. m. Sunday, April 19, the president will lay the matter before Congress on Monday, with a view of taking such action to enforce the respect due our nation's flag as may be necessary. General Huerta can arrange the details of the salute with Admiral Mayo if he reconsiders the position taken by him. Should he adhere to the position he has taken, you will make the contents of this telegram known to the representative of foreign governments and send a paraphrase of the telegram to all consulates of America stationed in Mexico so that it may be communicated to American citizens who should at the same time be reminded of the president's advice to withdraw from Mexico until order is restored.

"You are instructed to inform us as to General Huerta's attitude and answer as promptly as possible."

MISSISSIPPI WITH HYDROAEROPLANES READY TO SAIL

Pensacola, Fla., April 20.—The battleship Mississippi with a company of eight hydroaeroplanes and the United States torpedo flotilla here consisting of 22 destroyers and two tenders, the Birmingham and the Dixie, are waiting for the flash of the wireless from Admiral Badger on the flagship Arkansas telling them to put to sea to join the fleet on its way to Mexico. It is thought probable that only 14 of the destroyers would sail and that the others would be held in reserve.

Seven hundred marines are quartered aboard the Mississippi. Immediately after receipt of orders from Washington notifying the fighters to prepare to leave, work of rounding up a thousand sailors of shore leave was begun. By six o'clock every man was back aboard his vessel.

MAHONEY SPENDS A QUIET SUNDAY IN THE TOMBS

New York, April 20.—Frank L. Polk, corporation counsel of New York City, who was shot on Friday in the attempt upon Mayor John Purroy Mitchell's life, by Michael P. Mahoney, is making satisfactory progress toward recovery, his physician said at the hospital where Mr. Polk is being treated.

The removal of the bullet from Mr. Polk's jaw was effected in a simple operation. Mahoney, held in the Tombs prison in default of \$25,000 bail, slept soundly last night, his third night in confinement, after the ordeal of his preliminary examinations had been gone through. He spent a quiet Sunday, no one being allowed to see him.

JURY FAILS TO FIND VERDICT IN SWEET CASE

Philadelphia, April 20.—The jury in the case of Dr. Joshua E. Sweet, the University of Pennsylvania professor charged with wanton cruelty to dogs in failing to care for them properly after vivisection operations, was discharged after the foreman reported to the trial judge that an agreement could not be reached. The case had been in the hands of the jury for more than 16 hours. One juror, who, it was said, declared that his opinion was fixed and refused to even discuss the case with his colleagues, is reported to have been responsible for the failure to arrive at a verdict.

PACIFIC POLICY IS ABANDONED BY PRES. WILSON

ASSOCIATED PRESS TELEGRAM

Washington, April 20.—Armed action by the United States against that part of Mexico controlled by the Huerta government was today only for authorities in congress about to be asked by President Wilson. The pacific policy of the Wilson administration toward the Mexican dictator was abandoned last night at 6 o'clock when the president's ultimatum expired. Huerta still flatly refusing to comply with the unconditional demand that he salute the stars and stripes in reparation for the arrest of American blue-jackets at Tampico.

Early today President Wilson prepared a message to be delivered personally to congress a few hours later presenting the situation and asking for authority to use the army and navy to uphold the honor and dignity of the nation. A meeting of the cabinet at 10:30 o'clock had been ordered, the president desiring to submit the details of his address to his advisors before going to the capitol.

In the meantime, the leaders in congress, Democrats and Republicans had been asked to arrange for a joint session of the House and Senate at 3 p. m. to receive the message. Meetings of the foreign relations committee of both houses had been called, so that the members be fully acquainted with all the facts and to act without a moment's delay when the message formally was read. The senators and representatives, most to a man declared their intention of supporting the president in any policy he might recommend, and it was a foregone conclusion that a joint resolution giving the powers desired by the administration would be enacted before the day closed. Party lines were forgotten in patriotic enthusiasm.

Active preparations went forward to the war and navy departments. Secretaries Garrison and Daniels, who had been in conference until long after midnight, were at their desks early, comparing with their assistants and high officers of the army and navy and dispatching orders completing details of plans for operations that had been in the making for months. Word had come from Read Admiral Badger, commander in chief of the Atlantic fleet, that he expected to reach Tampico Wednesday with the four battleships he is taking to join the vessels at early at anchor there in operations along the coast.

President Wilson has said that the first step in his policy of reprisal would be to seize the ports of Tampico and Vera Cruz, and that what happened after that would depend upon Huerta. It was understood, too, that seizure of the railway trestle connecting Vera Cruz, the principal Mexican port on the Atlantic side, with Mexico City, as well as a "pacific blockade" of all ports controlled by the Huerta forces on both coasts, was contemplated. The fleets on their way to Mexican waters are strong enough to carry out this program and carry enough men available for shore expeditions to carry on any operations in the interior that may be necessary.

What part is to be played by the army, which already has thousands of men strung along the Mexican border, has not been indicated. It will depend largely upon the attitude of the constitutionalists, who control the northern part of Mexico. Relations between Carranza and Villa, the constitutionalist leaders, and the Washington government have been described by high officials here in the past few days as entirely satisfactory. Consequently, if the constitutionalists continue their campaign against the Huerta forces in the interior and make no attempt to interfere with the purposes of the United States there may be little for the American army to do.

Major General Leonard Wood, chief of staff of the army, is believed to have been chosen to take supreme command of the army forces. Secretary Garrison said early today that he had ordered no one to the border, but other officials regarded it as certain that the ranking officer on the army active list would be on his way south as soon as the plans of the department were perfected.

Washington was fairly aflame today with enthusiasm over the President's determination to act. Never since the Spanish-American war sixteen years ago has the United States been upon the eve of beginning of armed hostilities against another nation.

Army and navy officers say, however, that the operations in Mexico will never be most to the breaking point of a constitutional crisis and by the final starvation resulting from the American policy of non-recognition is in no position to offer resistance to a formal declaration of war. They could not declare war against a government, the existence of which has not been recognized. As to the attitude of the American policy was of intense interest. All the developed had been presented to the members of the diplomatic corps, who, in turn, had reported their respective governments by the news of Huerta's salute to the flag, with the intention of the United States was the foreign representative.

At 9 o'clock Secretary Bryan met at the White House and conference with President Wilson and the latter's study. There development up to that time.

MANAGER EVANS CONNECTS WITH EASTERN MANAGERS' ASSOCIATION.

Beginning Today Vaudeville Will Be Presented With Pictures At the Orpheum.

Manager J. L. Evans of the Auditorium and Orpheum theatres, returned home from New York Sunday night.

Mr. Evans tells the Advocate that he made a contract with the Klaw & Erlanger people to book attractions for the Auditorium for three years, beginning April 16th, and he also made connection with the Eastern Managers' Theatrical Association, which controls the Schubert shows and other high class attractions. Beginning today the Orpheum will present vaudeville as well as motion pictures. The bill for today and tomorrow is the Ida Manning Musical Comedy company—pretty girls and funny comedians.

SUDDEN DEATH OF MRS. MARY MILLER SUNDAY MORNING

Was City's Oldest Business Woman. Other Deaths Over the County.

An attack of apoplexy with which she was seized, at 10 o'clock Saturday night in her store in the Auditorium building, caused the death of Mrs. Mary Miller, aged 67 years, widow of the late J. L. Miller, Sunday morning at 4:30 o'clock.

The attack came without warning. Mrs. Miller was feeling as well as usual, and had just returned to the store after a trip to the market, when she was seized with the fatal stroke. She was removed to her home in North Second street, over the Schiff store, where everything possible was done to save her life, but without avail.

Mrs. Miller was, in point of years of service, the oldest active merchant in the city. The business which she managed at the time of her death, was established 40 years ago, and has been operated continuously ever since. It was first established by Mr. and Mrs. Miller in the room now occupied by Fred Speer's news stand. Mrs. Miller has always been actively identified with the business.

She was born in Bavaria, Germany, in 1847 and came to this country with her parents, at the age of 5 years. The family settled in Zanesville, where they resided for five years. At the age of 10 years she came to Newark, where she had since made her home.

square to the north room in the Auditorium building.

Mrs. Miller leaves one son, George L. Miller, and two brothers, Frank Trost of this city and George Trost of Columbus. Her husband, J. L. Miller, died in 1888.

While final arrangements for the funeral have not been completed, it is probable that services will be held Tuesday morning at St. Francis de Sales Catholic church. Interment will be made in Mt. Calvary cemetery.

ATTY. MARTIN WAS SPEAKER AT BANQUET

Attorney Ray Martin of this city, vied with Attorney General Timothy S. Hogan for oratorical honors Sunday at Zanesville, the occasion being the big meeting of the Knights of Columbus. It is estimated that fully 1000 members of this organization from Newark, Mt. Vernon, Columbus, Lancaster, New Lexington, Coshocton, Youngstown, Dresden, Crooksville, Cambridge, Belaire and other points in southeastern Ohio attended the meeting.

Besides Mr. Hogan and Mr. Martin, the other speakers were Attorney Paul Tague of New Lexington and William Archer of Lancaster. Rev. Father Rohn acted as toastmaster at the banquet, which was held Sunday evening, when the addresses were made.

Degrees were conferred on 100 candidates from the cities mentioned above. The Gold and Choral balls were used in the degree work, which started at 8:30 o'clock Sunday morning, the degree work being concluded in time to allow the visitors to attend mass at St. Thomas church.

W. A. BENNETT DEAD. (ASSOCIATED PRESS TELEGRAM) Cincinnati, April 20.—W. A. Bennett, former president of the National Hardwood Lumber Dealers' Association died here, Sunday.

POLICE KILL MANY DOGS IN A FEW MONTHS

You might not be able to notice the difference in the population of Newark's dog family since Jan. 1, but it really has been reduced by at least 100, according to police officers. The department has made a determined effort to rid the city of a lot of worthless canines and while there are still many to work on, there is really a noticeable decrease in the number of dogs seen on the down town streets. Officers declare that an average of one dog a day has been dispatched since the first of the year. As high as half a dozen a day have been killed. Besides the war of extermination waged by the police, the "dog poisoner" has been at work in many parts of the city and many dogs have departed this life by the poison route.

DECORATORS FINISH WORK IN BIG CHURCH

Members of St. Francis de Sales church attended services there Sunday morning to find that the scaffolding which has filled the church for the past several weeks had been removed, the decorators having completed their work Saturday. The church is beautiful in its new dress.

An automobile from the Sigler garage carrying Dr. and Mrs. P. H. Cosner to Fallsburg, where Dr. Cosner was called in consultation with another physician attending Mrs. Johnson, overturned near the village late Saturday afternoon throwing the occupants out. None of them were seriously injured. The car was driven by Claude Meeker. Another car from the garage was sent after the party.

20 CORN BOYS
TO WASHINGTON;
FARMERS TO HELP

"Twenty Licking county boys to
Washington this year."

This is the slogan of the Licking
County Crop Improvement associa-
tion, which effected its organization
for the year at a meeting held Sat-
urday afternoon. Assistant Postmas-
ter J. M. Farmer was elected presi-
dent and W. C. Metz secretary for the
year.

Based on the slogan for this season
on the success of Licking county's
corn raising contest last year, officers
of the society are sanguine of the
prospects for far greater interest
than ever and a resulting excellence
of the prize grain of corn produced.

Following the return of Ohio boys
from their trip to Washington and
Philadelphia, in which eight Licking
county boys were included, the
county corn show was given. It was
a big success, ranking on a par with
any ever held in the state, according
to corn experts.

The plan this year is to make it
bigger and better than ever, and in
order to do this, officers of the crop
improvement society say the neces-
sary expenses to be incurred in

Therefore, since the farmers of the
county are the chief beneficiaries of
the crop improvement and land bet-
terment scheme, they are to be asked
to co-operate in the coming season's
campaign, by contributing toward the
necessary expenses to be incurred in

sending the prize winners on their
educational trip.

This fund was supplied by generous
individuals, merchant and firms who
donated the amounts for the trips
last year. This year the farmers of
Licking county will be asked to con-
tribute to the fund in amounts from
one dollar up, and in order that the
required sum may be raised in ample
time, the society will be receiving
contributions at once.

ABOUT RICE.

Caroline rice is the latest variety.
It is of excellent quality and is the
most expensive.

Patna rice comes next, and its
small, long shaped white grains
make it good for curries.

Madras rice is the cheapest and
does very well for mince puddings.

Rice should always be kept in a
covered jar to keep insects away
from it.

WHAT IS WORN.

Pouch shaped handbags are as
fashionable as ever.

More and more the long bodied
French style is seen in children's
frocks, both for school and better
wear.

Fillet bands with net are among
the newest trimmings. They rep-
resent a French idea.

Little vest tabs showing under
the closing of the coat are almost
indispensable to the fashionable cos-
tume.

The train of an evening gown
should be lined with its own mater-
ial or with a plain silk of its own
color.

For reglisses the favorite colors
are canary yellow, green, blue pink,
Coral and poppy pink.

Tuscan is a favorite color for the
new one button kidskin gloves. With
black embroidery it is very effective.

THE REASON WHY!

IT WILL PAY YOU TO READ THE WANT ADS EVERY NIGHT

WASHING WON'T RID
HEAD OF DANDRUFF

Dissolve It, That's Best Way.
The only sure way to get rid of
dandruff is to dissolve it, then you
destroy it entirely. To do this, get
about four ounces of ordinary liquid
arvon; apply it at night when retir-
ing; use enough to moisten the scalp
and rub it in gently with the finger
tips.

Do this tonight, and by morning
most if not all of your dandruff will
be gone, and three or four more ap-
plications will completely dissolve
and entirely destroy it, every single
sign and trace of it, no matter how
much dandruff you may have.

You will find, too, that all itching
and digging of the scalp will stop at
once, and your hair will be fluffy,
lustrous, glossy, silky and soft, and
look and feel a hundred times bet-
ter.

If you want to preserve your hair,
do by all means get rid of dandruff,
for nothing destroys the hair more
quickly. It not only starves the hair
and makes it fall out, but it makes it
stringy, straggly, dull, dry, brittle
and lifeless, and everyone notices it.
You can get liquid arvon at any drug
store. It is inexpensive and never
fails to do the work.

NO NEWS AS TO POST-OFFICE SITE.

There is nothing new to be said
regarding the proposed site for the
new postoffice building. Those who
are interested are expecting a visit
from Inspector J. J. Hynes of the
treasury department at Washington,
almost any day now, and upon his
investigation and recommendation
much will depend.
